

FOVERAN DEER PARK

BREEDING THE DIFFERENCE

43RD ANNUAL ELITE HIND & WEANER SALE

MONDAY 10TH AUGUST 2026

ONLINE USING THE BIDR PLATFORM @ 7PM

OFFERING TO INCLUDE MATINGS TO AND PROGENY OF:

CANNON

5yr 657 IOA 24.13kg HA

MAVERICK

4yr 611 5/8 IOA 62 inch outside span

BENJAMIN

6yr 922 SCI taken as a trophy

KIRKLISTON

4yr 616 IOA 24.81kg

ALSO FEATURING BOSTON, HARDROCK, U BEAUT, ILLUSION, ROKU, ORIGIN,
UTAH, CANE, FERDINAND, COGNAC, HENNESSY, RIGBY TURBO

Conditions of Sale

DNA Identification

All Foveran master sires and our entire stud female breeding herd have now been DNA profiled (for confidence in the accuracy as to our breeding). All stock sold are DNA guaranteed.

Insurance

Insurance is the responsibility of the purchaser and any stock left on Foveran is strictly at the purchaser's risk.

Vetted In-Calf Hinds

All adult hinds have been ultrasound pregnancy tested using a real time ultrasound scanner. Only confirmed pregnant hinds have been included in the sale.

TB Status

Our herd status continues to be a C10 classification.

Conditions of Sale

The sale will be conducted by Rural Livestock Ltd with the conditions of sale as set down by the New Zealand Stock and Stations Agents Association.

Each lot becomes the purchaser's property and risk at the fall of the hammer.

Warranties and insurance are covered under separate headings.

Conditions of Sale cont./ Guarantee

Terms are strictly cash unless prior arrangements are made with the auctioneers. Accounts not paid within 14 days of sale shall bear interest, at current rate per annum from the date of sale.

The sale is conducted exclusive of GST.

A buyers commission of 5% is payable to non-participating companies and recognised independent agents introducing and accompanying purchasers to the sale providing prior arrangements [no later than 24hrs prior to sale] are made with Rural Livestock Ltd.

Intending purchasers are required to register with the auctioneers prior to the commencement of the sale.

No animals, embryos or semen sold by Foveran Deer Park or their germplasm or any subsequent progeny or germplasm, including the semen and germplasm of that progeny, may be supplied to a third party without the written permission of the respective stud.

This condition does not affect normal commercial deer farming or stud farming or the normal sales of semen or embryos as it only applies to entities with the primary function of commercial semen/germplasm activities.

It is a condition of sale of any animals, embryos, germplasm or semen sold by Foveran Deer Park that the purchaser agrees to include the following clause as a condition of any subsequent sale or gift of any animal, embryo, semen, germplasm or subsequent progeny or germplasm to a third party—
"the purchaser acknowledges that it will not supply any animals, embryos, semen or germplasm to any commercial semen/germplasm marketing or sales entity, and will ensure that this clause is inserted as a condition of any sale or gift of any animals, embryos, semen or germplasm."

Foreword

Dear Clients and Friends,

We are excited to bring you a selection of some of our latest genetics in this offering. Our focus remains on producing high scoring trophy antlers and we believe this offering will certainly do that. The future of the hunting industry looks bright with our own hunting company experiencing high demand.

It is important to remember that investing in top producing hinds is as important as purchasing a good sire, to improve the results from your breeding programme. With a wide variety of top industry sires with heritable pedigrees, we are confident the genetics on offer represent a good investment.

This year our first calving hinds have all been mated to impressive 2 year old sires chosen for their antler structure and pedigrees. We have also included a small selection of adult hinds vetted in calf to Mordson, another impressive two year old.

Please remember that all of the embryos on offer are guaranteed live fawn on the ground. All hinds are vetted in calf.

Thanks for taking the time to peruse our catalogue. Many thanks to the purchasers and underbidders at the sale. Your support is greatly appreciated. We wish you all the best with your purchases and we welcome any feedback that you wish to share with us.

Kind regards

Barry Gard,
Deer Stud Manager, Foveran Deer Park

FOV237/20

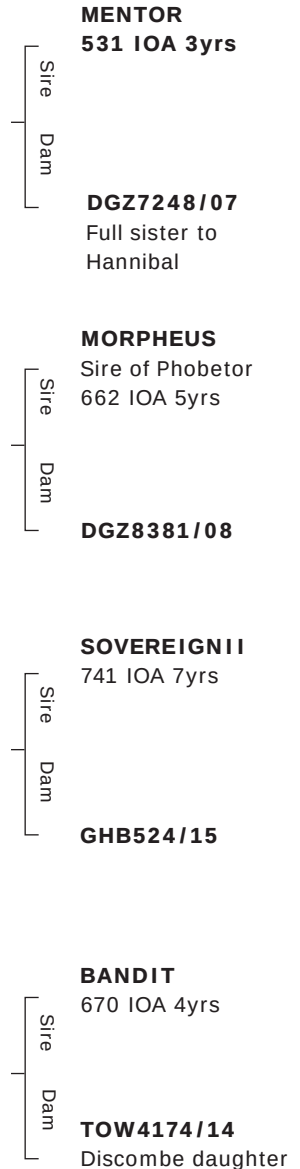

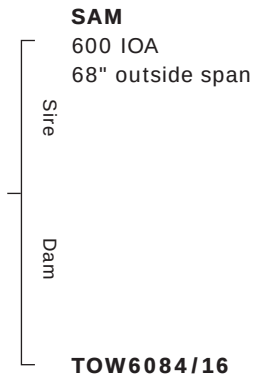

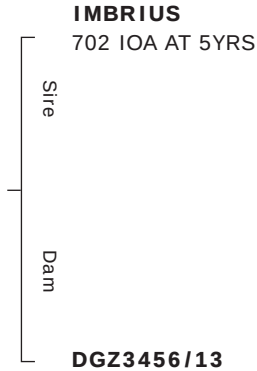

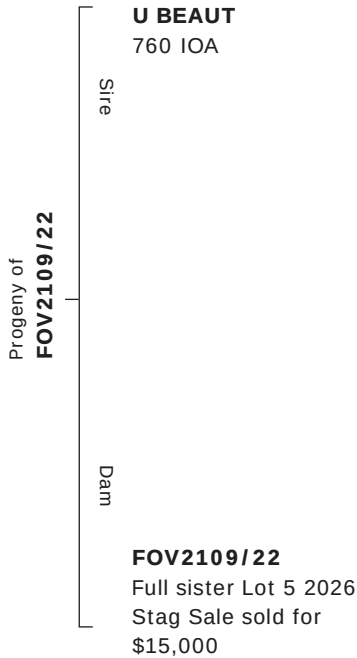

Comment :

We are expecting big things from this embryo given the strong heritability throughout the pedigree. Firstly we know U Beaut's antler structure is being passed on to his sons. His sire Imbrius is also the sire of Jameson. There is a full sister to Hannibal and also the very heritable Morpheus there as well. Dam sire Utah is a half brother to Bombay Sapphire. His Sire Origin is also the sire of Texas (975 IOA). Note too Metaphor on the bottom line was a previous SCI World Record.

Lot 7: Pure U Beaut Embryo Recip tag 2198

Price: _____

Purchaser: _____

Comment :

We have continued to use U Beaut in our breeding program this year as we are impressed with the progeny he is leaving. Of the older sons we have seen, we know his antler structure is heritable. His sire Imbrius is also the sire of Jameson who shares a similar antler structure. Dam sire Sam is impressive with a 68" outside span. Note that Dam 2109 was a full sister to Lot 5 in the 2026 stag sale which was one of our favourites.

Recent Wt: 64kg 12/6/26

Comment :

Sire Kirkliston has an extremely heavy head of antler at just 4 yrs. His 59 point antler is impressive and that eye catching antler that is highly sought after by the hunting fraternity. Note that he has Roku's dam and Apex (sire of Robert Hay) in his pedigree. Dam sire Retallick is an impressive son of Mt Cecil's Lot 1. More eye candy antlers.
