# Conditions of Sale

## Venue

Foveran Deer Park sales complex, Foveran Deer Park, Haka Valley, Kurow, North Otago, 8km from Kurow (will be signposted).

## Deer Inspection

Deer may be inspected in the paddock at any time prior to the sale by arrangement. On DAY OF SALE deer may be inspected from 12.30am.

## DNA Identification

All Foveran master sires and our entire stud female breeding herd have now been DNA profiled (for confidence in the accuracy as to our breeding). All stock sold are DNA guaranteed.

## Insurance

Insurance facilities are available at the office. Insurance is the responsibility of the purchaser and any stock left on Foveran is strictly at the purchaser's risk.

## Vetted In-Calf Hinds

All adult hinds have been ultrasound pregnancy tested using a real time ultrasound scanner. Only confirmed pregnant hinds have been included in the sale. All testing was carried out by Dr Noel Beatson from Rural Vet Services, Timaru.

## TB Status

Our herd status continues to be a C10 classification.

## Conditions of Sale

The sale will be conducted by PGG Wrightson with the conditions of sale as set down by the New Zealand Stock and Stations Agents Association, a copy of which is exhibited in the office on sale day.

Each lot becomes the purchaser's property and risk at the fall of the hammer.

Warranties and insurance are covered under separate headings.

# Conditions of Sale cont./ Guarantee

Terms are strictly cash unless prior arrangements are made with the auctioneers. Accounts not paid within 14 days of sale shall bear interest, at current rate per annum from the date of sale.

The sale is conducted exclusive of GST.

A buyers commission of 5% is payable to non-participating companies and recognised independent agents introducing and accompanying purchasers to the sale providing prior arrangements [no later than 24hrs prior to sale] are made with PGG Wrightson.

Intending purchasers are required to register with the auctioneers prior to the commencement of the sale.

No animals, embryos or semen sold by Foveran Deer Park or their germplasm or any subsequent progeny or germplasm, including the semen and germplasm of that progeny, may be supplied to a third party without the written permission of the respective stud.

This condition does not affect normal commercial deer farming or stud farming or the normal sales of semen or embryos as it only applies to entities with the primary function of commercial semen/germplasm activities.

It is a condition of sale of any animals, embryos, germplasm or semen sold by Foveran Deer Park that the purchaser agrees to include the following clause as a condition of any subsequent sale or gift of any animal, embryo, semen, germplasm or subsequent progeny or germplasm to a third party—"the purchaser acknowledges that it will not supply any animals, embryos, semen or germplasm to any commercial semen/germplasm marketing or sales entity, and will ensure that this clause is inserted as a condition of any sale or gift of any animals, embryos, semen or germplasm."

## **Catalogue Deer Numbers**

This is a very large sale, due to timings and other farming criteria some stock may be removed from the sale prior to auction.

# Foreword

## Dear Clients and Friends,

Welcome to our second hind sale for 2013.

As mentioned at our sale in June, we have amalgamated three farms into one and as such we have a requirement to sell a number of hinds this year to make room for this years progeny coming through. To achieve this we have decided to hold a second hind sale this year.

For this sale we have put together a catalogue with a variety of stock from our very latest crop of weaners, 18 month hinds and MA hinds, which include progeny of and matings to many of our current master sires and industry greats that form part of our current breeding program.

There are no embryos offered in this sale but if you missed a combination that you wanted from our previous sale, please let us know as we may be able to offer you another one of the same breeding.

As our aim with this sale is to reduce our hind numbers further to accommodate this years crop of fawns on the property, you will find that we are willing sellers and as such are prepared to meet the market with our prices. This may well mean you can secure the genetics on offer for very reasonable prices and so we encourage you to attend this sale.

Our fawning is expected in early November which is only about a month after payment. This has saved you having to winter your hind and you are virtually getting a hind and its very valuable fawn for the price of just the hind. We hope this will suit your farming practices.

It is our pleasure to share these genetics with you and wish you well with your purchases.

Kind regards,

Bob Robertson  
Owner  
Foveran Deer Park

Barry Gard  
Deer Stud Manager  
Foveran Deer Park

FOVERAN DEER PARK

# Mission Statement

## **Our motto    Breeding the difference**

a term that best describes our intention for our deer stud at Foveran.

*By continuing our intensive breeding programme in what we believe is the largest red deer stud in New Zealand, it is our intention to supply the NZ deer industry with the very best genetics for venison growth rates, velvet production, and also our fast growing high end trophy antler stags.*

**DBVs**    Venison growth rates. We continue to develop this major trait within our deer herd, with encouraging results. Our German herd for example, with Master sires such as Amadeus, Bonn, Wredeson Major & Red Baron leading the way, and some of our weaners at weaning in February topping out at 90kg. Yearling spikers to 155kg and 2 year olds to 253kg.

**Velvet**    By identifying specific lines of deer for velvet production, we are constantly improving the performance per animal to improve not only the production levels per animal but also the components of velvet conformation. As a result our velvet herd continues to grow with fast improving results.

**Trophy**    The fastest growing component of our deer industry at present. Foveran's commitment is to supply for ourselves high end trophies, but also to supply elite trophy genetics to the deer farming community. The continued improvement of our trophy herd is rewarding us with some massive red deer trophy antler heads with long tined heavy wide "wow" type configurations. Our German herd strategically crossed with European and English genetics has given us the opportunity to do that.

**Temperament**    We continually manage and evaluate the herd for this important trait.

Age	Live weight	Antler	IOA
2	218kg	10.43kg HA stripped	427
3	260kg	damaged	
4	292kg	13.36kg HA	488 7/8
5	308kg	15.3kg HA	560 5/8
6	318kg	15.5kg HA stripped	604 7/8
7	322kg	16.1kg	634

**COMMENT:** Amadeus, truly the most amazing 2 year stag ever produced. His record breaking huge wide expansive, heavy beamed head of 31 points and 427 IOA, with a huge bodyweight of 260kg at just 3 years is unbelievable. His exceptional 7 year antler takes pride of place in our trophy room. At 634 IOA he really does have the "wow" factor. The Wrede bloodlines are proven with such sires as Wredeson, Wredeson II, Wredeson Major, and now Amadeus. Proven genetics!! Tragically Amadeus died this year, but with good semen stocks he will continue to be part of our breeding programme.

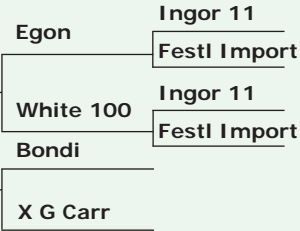

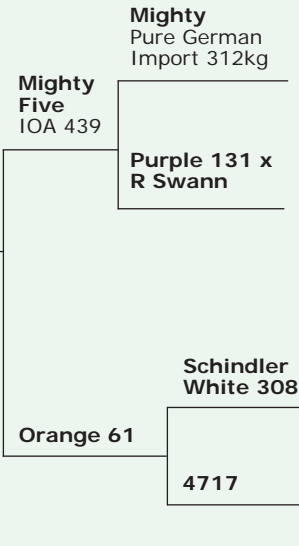

Image

Image

Image

Age	Antler	IOA
5	7.75kg SA2	
6	15.10kg Supreme Velvet	
7	13.1kg HA cut July	490 6/8
8		551
9	13.45 HA cut July	502
10	14.2kg	518

**COMMENT:** Unfortunately we lost Image during the rut last year. He has left a huge legacy with his progeny in our herd. His very wide and thick heavy antler style will continue to be highly sought after by the hunting fraternity. Also an excellent sire to promote velvet weight in your herd. We will continue to use Image in our breeding programme using AI and so we will continue to have his progeny to offer in future sales.

7		525 IOA
8	16.75kg Supreme Velvet	
9	13.2kg HA cut July	563 5/8
10	13.1kg HA cut July	521

### COMMENT:

Top credentials at 16.75kg supreme velvet at 8 years. Again the thickness of beam will promote thick heavy antler which is highly sought after by European hunters.

We grew his head out last year and he scored a massive 563 5/8 IOA. His antlers remained on his head until July before cutting 13.2kg HA. This weight is considerably less than what they would have been if cut pre rut as with our other sires.

# Sebastian

## 5 Year Pure German Son of Amadeus

2	209kg	8.4kg HA 27pts
3	215kg	Damaged
4	243kg	15 x 17pts
5	260kg	16 x 16pts

**COMMENT:** Sired by Amadeus and following closely in his footsteps with his antler style and frame size. Sebastian was 209kg as a 2 yr old with an impressive looking antler structure. Unfortunately at 3 yrs, he got tangled in wire just as his royals were developing and despite removing the wire, the antlers were affected and eventually had to be removed as they had stopped growing. It has taken him two seasons to recover from that accident which also affected his bodyweight. This year he has put up an impressive 32 point antler. A point worth noting is that his progeny are ranking highly for DBVs in our herd.

**COMMENT:** Purchased in December from Malcolm Cane for the top price of \$62,000, McCaw is an outstanding addition to our master sire line up. Placed 2nd in the Rising Stars 3yr HA Competition and also voted People's Choice in that competition. Malcolm considered retaining him for a sire. He is a great all round stag with superb temperament, great body confirmation and incredible antlers! Bifurcating brow, beys and treys with super heavy tops. His dam is a full sister to Kane. We consider these genetics to be very high in the ranking with the best head we have ever seen for a 3yr old. Odysseus has shown his genetic consistency with a large number of great 3yr olds produced this year.

**COMMENT:** Foveran Mega was placed 1st in the 1yr HA at the 2013 Rising Stars competition. He is a very impressive spiker with an antler weight of 8kg and 36 points and is certainly the biggest spiker head that we have ever produced. His sire Huneric was the National 2yr HA Champ and his dam sire Scipio is the sire of Morpheus (World Record 4 & 5yr head) which augurs well for the future potential of this young master sire.

**COMMENT:** Sold as lot 46 in this year's stag sale to Malcolm Cane for \$24,500, we used 9265 as a 2yr old in our breeding programme. He was delivered to Malcolm with his impressive heavy multi pointed antler still on his head. This antler is in the classic style that you would expect from the breed. With former SCI World Record Charlie Mac, with his 20.6kg HA, over Motdonis with 22.45kg HA at just 5yrs, we expect to see a lot of this stag's progeny at Malcolm's in the future. This is the first offering of progeny from this up and coming sire.

6	253kg	HA 18.6kg	619
7	262kg	damaged tops	
8	271kg		585

**COMMENT:** Purchased from Westbush Deer Stud, Henry VIII is a son of our own Henry James. He has an impressive heavy set of antlers typical of many of Henry James' sons. He was the most impressive 3 year old sire offered the year we purchased him. We were so impressed with him we couldn't resist purchasing these genetics back for our own herd. He is a major player in our breeding programme and at 619 IOA at just 6yrs, the offering in this catalogue represents a great opportunity to secure some progeny from this future industry great.

5	273kg	HA 14kg stripped	502
6	285kg	HA 14.53kg	506 damaged
7	291kg		535

**COMMENT:** Apollo has been strategically bred for big royals on a wide spread, with good body and temperament and we have got the lot! An exceptional trophy mix in his pedigree. Also interesting to note that grand dam 1003's brother 'Little Rock' had an IOA score slightly ahead of Salvador at 2 years. Great grand dam 3068 is the mega dam at Pelorus Deer stud for trophy genetics. 5th in the 2009 Rising Stars HA competition, and with 2 other full brothers in the Top 5, this confirms the heritability we can expect from this rising star. Apollo is impressive this year with his best head yet.

# Metallica

3	267kg		406
4	293kg	13.75kg HA	
5	313kg	17kg HA	507
6	320kg	15.9kg HA	490
7	321kg	16.2kg HA	N/A

**COMMENT:** Salvador over the great Laszlo and Nova's dam. Foveran specifically targeted Salvador, Chancellor Peel, Super Nova and Laszlo breeding for superb trophy antler architecture. This stag was huge in the bow, bey, trey and main beam as a 2 year old and produced an amazing 3yr antler of 406 SCI. At 5 years Konrad ranked as one of our heaviest master sires in both bodyweight and antler. These are superb genetics for the trophy industry and a highly recommended sire.

Foveran Mac  
Pure English Sire

Age	Live weight	Antler
4	242kg	11.8kg HA
5	263kg	11.5kg HA
6	271kg	12.1kg HA

**COMMENT:** Exceptionally heavy antler genetics in this pedigree. The former SCI #1 World Record, Charlie Mac over Clive. Top trophy dam 3068 on both sides of the pedigree, and grand sire Lewis (dam sire of Current SCI World Record, Prince Philip) confirms Foveran Mac as a great prospect for both velvet and trophy antler.

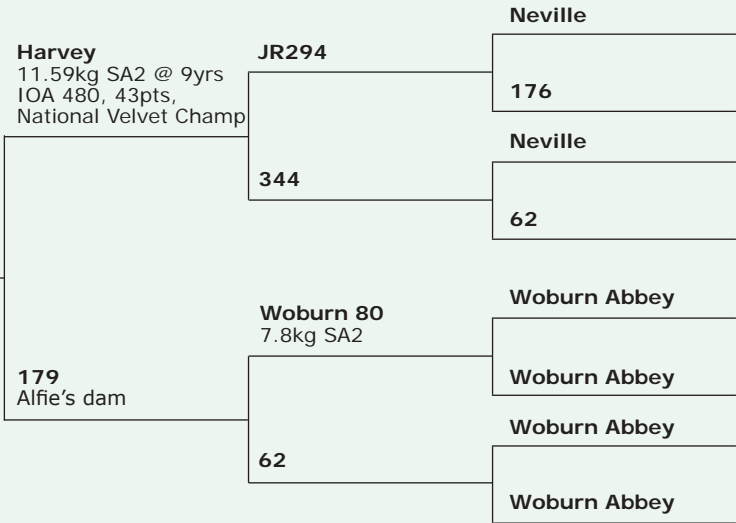

# Hector

Pure Woburn Sire (full brother to Kane)

Hector

Hector

Age	IOA
4	466
5	535
6	611
7	623
8	NA
9	603 4/8

**COMMENT:** Hector, a full brother of Kane (purchased for \$100,000 off Sarnia Park) has very good heritability anchored against very solid genetics in his background i.e. Harvey and the famous Woburn 80. His massive multi point head of 535 IOA at just 5 years was awesome. He is used extensively over our Germans to enhance trophy genetics within our herd. His 57 point head remains impressive. This year he has developed hugely strong outrigger tynes with the remainder of the antler structure intact and so we look forward with interest to see what happens next! An impressive Woburn sire.

# Archibald

**Lewis**

4	278kg	7.3kg SA2 (damaged)	
5	300kg	16.37kg HA	445
6	302kg	16.83kg HA	508 2/8
7	307kg	taken as trophy	532

**COMMENT:** Archibald, purchased by Foveran from Dave and Mac Bryant, confirms our commitment to purchasing the very best English genetics available. This guy's antlers are enormous with a very thick beam and strong long heavy tines. This combination is heritable, cemented by 96079 (Bentley's dam) & will undoubtedly pass on with our specially selected females to enhance these already huge antler stats, to his progeny. Sire of lot 1 in 2010's stag sale with the new World Record HH weight of 12.53kg at just 2yrs (sold to John Hunter) confirming the heritability of his heavy beamed antler highly prized by the European hunter fraternity.

# Pegasus

## Son of Awesome

Pegasus

Pegasus

Awesome SCI 520 at just 4yrs	Vader	Odinson II
		130
	5014	Odin

		053 (x Baron)

Age	Live weight	Antler
5	276kg	12.5 HA
6	281kg	11.7kg
7	292kg	12.1kg

**COMMENT:** With no more Awesome semen available and his reputation for heritability with the many Awesome sons that are prevalent in the industry such as Moccona and Awesome II, we felt this was a valuable addition to our sire stag line up. Back to the very heritable Chancellor Peel and Brian - great genetics. We expect Pegasus' progeny will be highly sought after with Chancellor Peel and also with top trophy dam 3068 on the bottom line.

# Robert the Bruce

4	220kg	10.04kg HA	418 4/8
5	243kg	11.15kg HA	469 1/8

**COMMENT:** Another new addition to our master sire line up. Sire of the 40 point spiker placed second in the National 1yr HA Comp (sold to J Hansen for \$35,000). An impressive performance! Here we have strategically targeted Mr Peel (full brother to Chancellor Peel) over the very heritable Lewis (the first 30 point 2year old to be produced in this country and dam sire to Prince Philip). The heritability of this mix is proven by a full brother to Dam 008 with 30+points at just 5 years old.

Astynax

Astynax

Odysseus

Age	IOA
2	355
3	461
4	484
5	529
6	603
7	638
8	702

**COMMENT:** Impeccable breeding with Chancellor Peel as his sire. It is worth noting that Chancellor Peel is also the sire of Salvador (IOA 575 @ 5yrs) and Commander Peel (IOA 429 @ 3yrs) confirming the heritability of this line for high scoring long tynded antler highly sought after by the trophy industry. With a main beam of 40 & 42 inches and a span of 29 inches and 40 points, Odysseus is the ideal trophy sire. Sire of our new master sires McCaw and Donovan, he continues to play a large part in our breeding programme.

**COMMENT:** Achilles, owned by Sarnia Park, is incredible with his huge cluster of long top tines and long beam. He has to be one of the best 5 year stags ever to grace our pastures here in New Zealand and with his massive 572 IOA at 6 years is nothing short of amazing. An eye catching orchestra of antler. He has sired many industry greats with exceptional antlers. Achilles is the sire of our master sire Apollo, and also Discombe and Holy Oak.

# Top Ten Spikers

The following 10 spikers have been selected for their pedigrees and physical appearance to be used as a group to mate some of our 18 month hinds. The progeny from these matings can easily be identified using DNA as all of these spikers DNA is held at Invermay. This represents a great opportunity to secure the first progeny from these young stags who have the potential to become future industry greats.

Sale Day Wt:

**Comment:** Sire Henry VIII has an impressive 18.6kg HA and his heavy beamed antler is inherited from his sire Henry James who held the record for 2yr HH until it was beaten by one of his sons. Dam sire Pegasus is the sire of Faulty Towers (558 IOA @ 4yrs). Don't overlook Wredeson (sire of Wredeson Major) on the bottom line. These Schulte Wrede German genetics can only enhance the mix for both bodyweight and antler.

**Comment:** Henry VIII at 619 IOA and 18.6kg HA is impressive. He inherits his heavy beam from his sire Henry James who held the record for 2yr HH until it was beaten by one of his sons, confirming the heritability of this line. Dam sire Odyseus is one of the few industry sires to break the 700 IOA mark. He is the sire of Mentor and McCaw. Jamieson on the bottom line is the sire of Scipio and Chancellor Peel who is also the sire of Salvador, Broadband, Commander Peel and many other top sires. A very heritable mix.

Sale Day Wt:

**Comment:** Sire 9265 was one of the most impressive 3yr old stags sold in our sale this year. As you can see his antler structure is everything you would expect it to be from his sire Charlie Mac (former SCI #1) and his dam sire Motdonis. Both sires have 20+ kg of antler. Over Balunky - son of the great Herbrand. Don't overlook Tamar on the bottom line - another former SCI World Record. An excellent dual purpose pedigree for both velvet and trophy antler.

Sale Day Wt:

**Comment:** Sire Windsor is the sire of Lord Haka. His sire Windsor is also the sire of Spartacus and Warlord. And his dam sire Awesome, is the sire of Awesome Too, Moccona and Flash. Dam sire of this young hind Robert the Bruce was the sire of Zoro, a 40pt spiker sold to J Hansen for \$30,000. With a double Jamieson (sire of Chancellor Peel) on the dam side, this must further promote high scoring trophy antler genetics in the pedigree.

Sale Day Wt:

**Comment:** Johann's pedigree combines two top all round Schulte Wrede German sires. Both sires are proven performers with over 300kg+ bodyweight and exceptional antler style, our Germans are renowned for. Wredeson is the sire of Wredeson Major. Over heavy beamed Henry James who held the record for 2yr HH until it was beaten by one of his sons. He shares his dam with Hotspur. A dual purpose pedigree for both body weight and heavy beamed antler.

Foveran Mac

**Comment:** Sire Foveran Mac has an attractive wide, open topped eye catching antler. His sire Charlie Mac is a former SCI World Record and he also has top trophy dam 3068 on both sides of his pedigree. These heavy beamed antler genetics have been matched to that of Archibald. Remember that he was the sire of Lot 1 in our 2009 stag sale, a 2yr old cutting 12.53kg antler which was the industry record at the time. Vetted in calf to Henry VIII can only enhance these heavy beamed antler genetics.

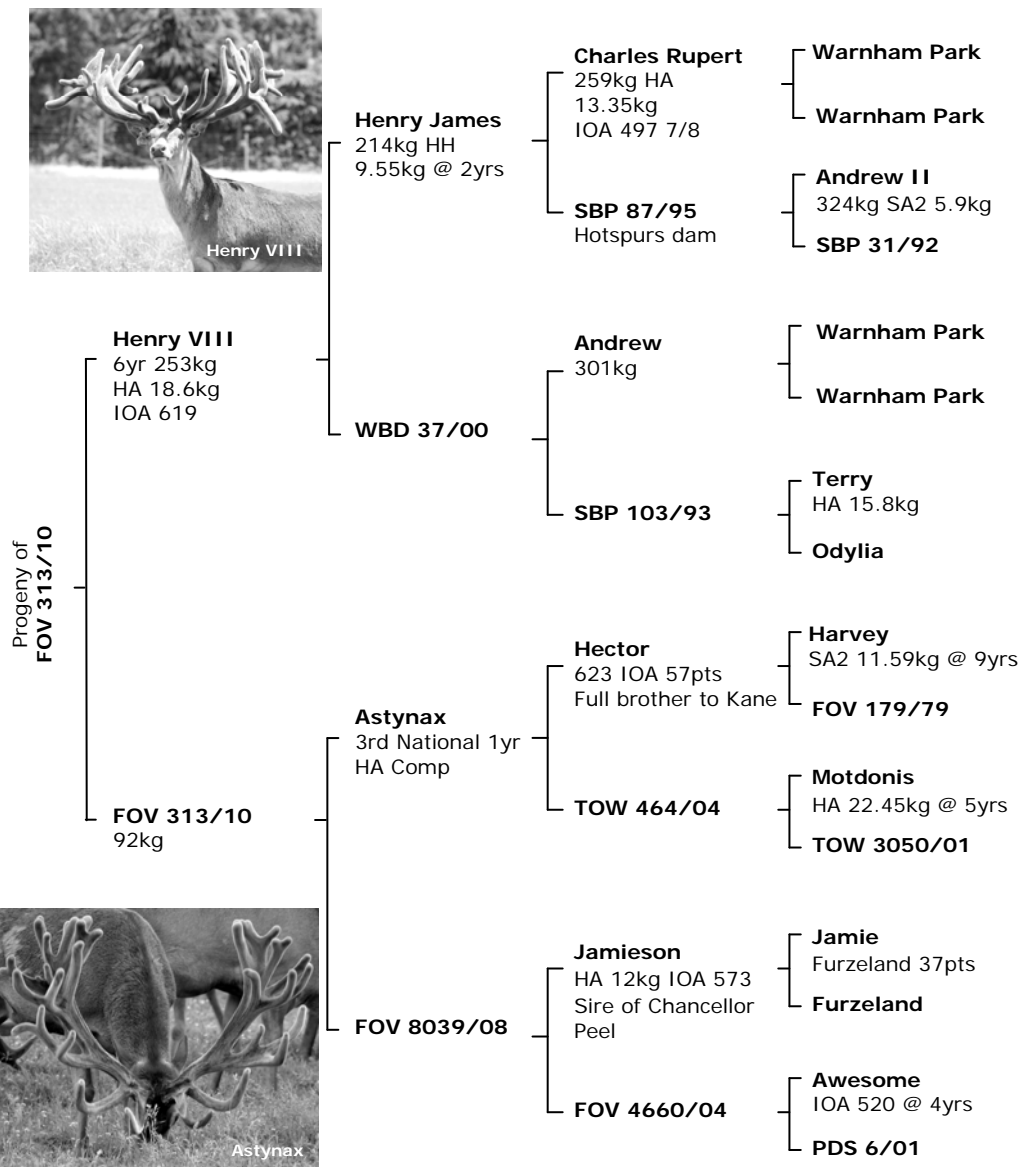

# Pure European r 3yr Hind Vetted in Calf to Henry VIII

49

P 97

Price:

Purchaser:

**Comment:** Astynax was placed 3rd in the National 1yr Ha Comp and due to a reduction in hind numbers was sold to J Hayes in our 2012 stag sale. Dam sire Jamieson is the sire of Chancellor Peel (sire of Odysseus, Salvador and Commander Peel and many other industry greats) and Scipio (sire of Morpheus). An exceptional record of heritability well matched to that of Henry VIII. His sire Henry James held the industry record for 2yr antler until it was beaten by another of his sons.

**Comment:** Sire Pegasus is also the sire of Faulty Towers (IOA 558 @ 4yrs). His sire Awesome is also the sire of Awesome Too, Flash and Moconna. Dam sire Achilles is the sire of Apollo, Discombe and Holy Oak. Lewis is the sire of Charlie Mac and dam sire of Prince Philip. Exceptional heritability. Vetted in calf to Gregor with his impressive 43 point antler which he grew under commercial conditions while out on grazing. His sire Scipio is also the sire of Morpheus. We recommend this pedigree.

Price:

Purchaser:

**Comment:** Sire Zoro was the 40 point spiker we sold to Jeff Hansen for \$30,000 and he has gone on to be an impressive sire. He was placed 2nd in the National 1yr HA Comp. Dam sire Amadeus is impressive at 322kg and 634 IOA. He is the sire of master sire Sebastian and many other top stags sold at our sales. Vetted in calf to Apollo, full brother to Discombe and Holy Oak and sire of Lot 1 at our 2012 stag sale, a 2yr old at 202kg sold to L McDonald for \$13,000.

**SBP 7/96**

**Comment:** This hind's pedigree is packed with heavy beamed velvet genetics. Sire Foveran Mac has a heavy beamed stylish antler structure inherited from Charlie Mac with his impressive 20.6kg antler. Note Clive with his heavy beamed 22.2kg HA also features in her sire line. Dam sire a 2yr Archibald was the sire of lot 1 in our 2009 stag sale, a 2yr old cutting 12.53kg HA. Note also Lewis (dam sire of Prince Philip) as well. Vetted in calf to Gregor to further promote the trophy genetics in the mix as well.

Price:

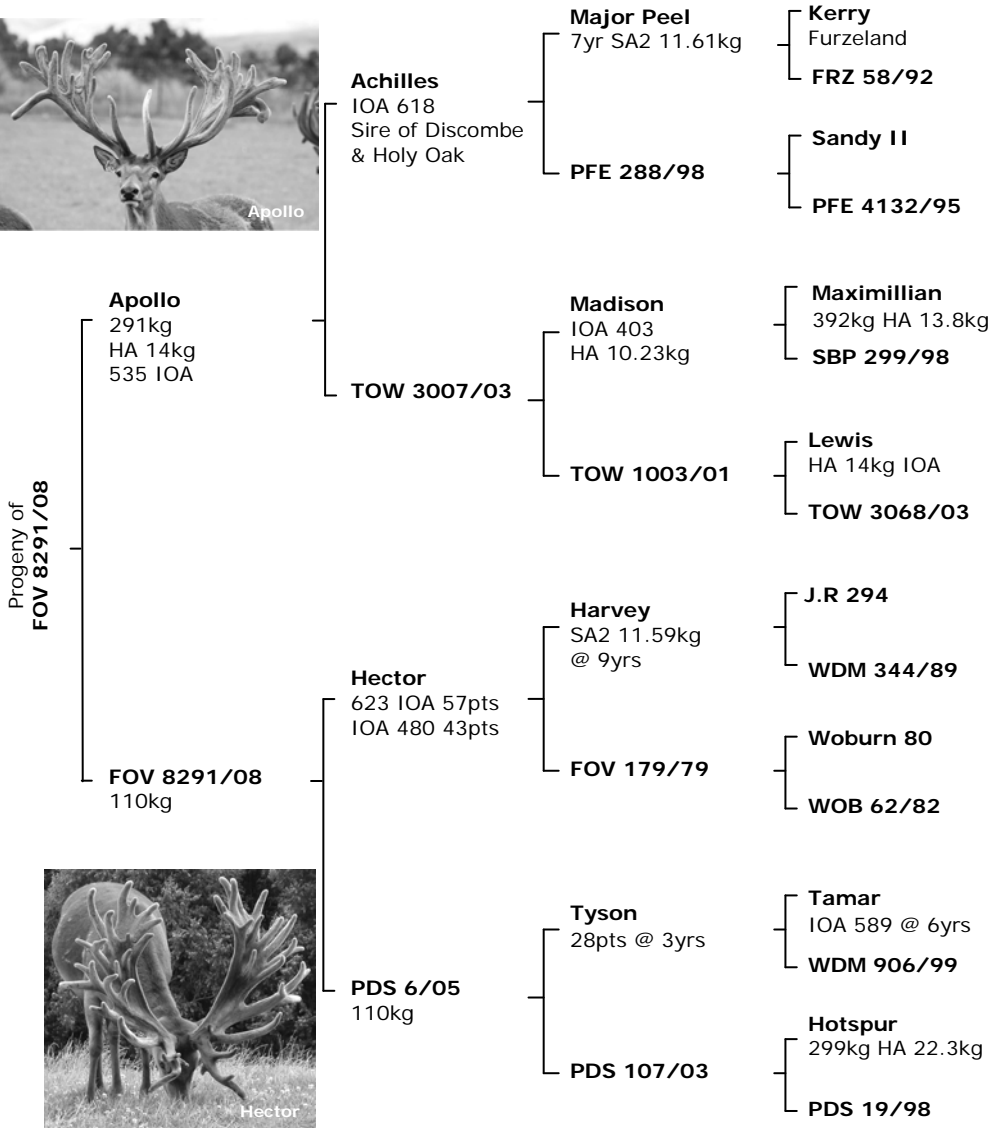

Purchaser:

**Comment:** Sire Achilles is the sire of Holy Oak, Discombe and Apollo. A highly heritable record. Vetted in calf to Apollo to emphasise this heritability and also to introduce the heavy Eastern genetics from Maximillian, the progeny will benefit from both bodyweight and antler genetics. We will be watching the result with interest.

Price:

Purchaser:

**Comment:** Sire Hector at 57 points and 623 IOA was impressive in his prime. He is a full brother to Kane and their sire Harvey was National Velvet Champ. Dam sire Tyson is the son of former SCI World Record sire, Tamar. Note also Hotspur is the unofficial CIC champ with his impressive 22.3kg HA. Vetted in calf to Apollo, full brother to Holy Oak and Discombe and sire of lot 1 in last year's stag sale, this makes for a very heritable mix.

**Comment:** This hind pedigree is littered with high scoring heavy beamed antler. Calson, son of Callum can trace his pedigree back to 60pt Endsleigh and the great Herbrand. A top Woburn pedigree over Former SCI World Record sire Charlie Mac with his 20.6kg antler. His sire Lewis is the dam sire of Prince Philip (SCI World Record for 2012). Brusnik on the bottom line is the sire of Huneric and Zidarn. Exceptional heritability to match with a Top 10 spiker mating.
