SALE WILL ALSO INCLUDE A SELECTION OF TROPHY STAGS

info@foverandeerpark.co.nz | www.foverandeerpark.co.nz | Find us on 

Location Map

Foreword

Dear Clients and Friends,

Welcome to our 41st Annual Elite Sire Stag sale. We have just completed selecting the stags at the time of writing and can report they are showing great potential. We have decided not to include photos of the stags on offer in this catalogue as often we have posted later photos on our Facebook page which show the stags off much better, prior to the catalogue being printed.

For the most up to date photos of the sale stags follow us on Facebook. Alternatively we will be sending out emails with photos coming up to the sale.

This year we have a wide selection of Sires in the pedigrees of the stags on offer. It is pleasing to see great results coming from our home bred sires as well as others bred by ET or AI.

We have had a very busy hunting season in 2023 and are expecting a very busy 2024 as well. It is great to see after a three year hiatus and so we expect the demand for trophy stags to be strong. As a result we have included a reasonably large selection of 4 year old stags in our offering. Many of these stags also have great potential as breeding stags.

We need to remind you about the usual conditions of sale. ALL ANTLER CUT OFF THESE SALE STAGS REMAIN THE PROPERTY OF FOVERAN. It is too difficult to keep antlers and deliver them to you later. The best way to keep your antlers is to have your stag delivered with his antlers on. Although this involves a higher cost, it is far safer for your stag to take him home and remove his antlers when they are hard.

As always you are welcome to view the sale stags at any time prior to the sale by appointment. Remember too that all of the stags are guaranteed. We are always interested in any feedback you would like to share with us. Our stags have a reputation for shifting well and so you can buy with confidence knowing they will improve with age.

We look forward to catching up at the sale and wish you well with your purchases. Good luck with your bidding!

Kind regards

Barry Gard & Staff at Foveran Deer Park.

Conditions of Sale

Venue

Foveran Deer Park sales complex, Foveran Deer Park, Haka Valley, Kurow, North Otago, 8km from Kurow (will be signposted).

Deer Inspection

Deer may be inspected in the paddock at any time prior to the sale by arrangement. On DAY OF SALE deer may be inspected from 11.30am.

DNA Identification

All Foveran master sires and our entire stud female breeding herd have now been DNA profiled (for confidence in the accuracy as to our breeding).

Insurance

Insurance facilities are available at the office. Insurance is the responsibility of the purchaser and any stock left on Foveran is strictly at the purchaser's risk.

Conditions of Sale

The sale will be conducted by Rural Livestock Limited with the conditions of sale as set down by the New Zealand Stock and Stations Agents Association, a copy of which is exhibited in the office on sale day.

Each lot becomes the purchaser's property and risk at the fall of the hammer.

Warranties and insurance are covered under separate headings.

Terms are strictly cash unless prior arrangements are made with the auctioneers. Accounts not paid within 14 days of sale shall bear interest, at 24% per annum from the date of sale.

If payment is not received within 30 days from sale, reservation of title will revert to Foveran for security purposes until account is paid in full, including interest owing.

The sale is conducted exclusive of GST.

A buyer's commission of 4% is payable to non-participating companies and recognised independent agents introducing and accompanying purchasers to the sale providing prior arrangements (no later than 24hrs prior to sale) are made with Rural Livestock Ltd.

Intending purchasers are required to register with the auctioneers prior to the commencement of the sale.

Conditions of Sale cont./ Guarantee

No animals, embryos or semen sold by Foveran Deer Park or their germplasm or any subsequent progeny or germplasm, including the semen and germplasm of that progeny, may be supplied to a third party without the written permission of Foveran Deer Park.

This condition does not affect normal commercial deer farming or stud farming or the normal sales of semen or embryos as it only applies to entities with the primary function of commercial semen/germplasm activities.

It is a condition of sale of any animals, embryos, germplasm or semen sold by Foveran Deer Park that the purchaser agrees to include the following clause as a condition of any subsequent sale or gift of any animal, embryo, semen, germplasm or subsequent progeny or germplasm to a third party—"the purchaser acknowledges that it will not supply any animals, embryos, semen or germplasm to any commercial semen/germplasm marketing or sales entity, and will ensure that this clause is inserted as a condition of any sale or gift of any animals, embryos, semen or germplasm."

TB Status

Our herd status continues to be a C10 classification.

Guarantee

All sale stags are guaranteed in terms of their genetic performance and temperament through DNA profiling. This does not include sickness or injury. All deer in this sale are tested for Johnes and are deemed sound for use as a sire stag. Any stag that does not meet the standards mentioned above will be replaced or a full credit given to use at a subsequent Foveran Deer Park Sale.

Disclaimer

Number of antler points – owing to the lateness of stags this year at the time of selection, we have estimated the number of points we expect to see at the time of sale. Please note these are estimates only and we give no guarantee as to the actual number of points on sale day.

Mission Statement

Our motto **Breeding the difference**

a term that best describes our intention for our deer stud at Foveran.

By continuing our intensive breeding programme in what we believe is the largest red deer stud in New Zealand, it is our intention to supply the NZ deer industry with the very best genetics for venison growth rates, velvet production, and also our fast growing high end trophy antler stags.

DBVs Venison growth rates. We continue to develop this major trait within our deer herd, with encouraging results. Our German herd for example, with Master sires such as Amadeus, Bonn, Wredeson Major & Red Baron leading the way, and some of our weaners at weaning in February topping out at 90kg. Yearling spikers to 155kg and 2 year olds to 253kg.

Velvet By identifying specific lines of deer for velvet production, we are constantly improving the performance per animal to improve not only the production levels per animal but also the components of velvet conformation. As a result our velvet herd continues to grow with fast improving results.

Trophy The fastest growing component of our deer industry at present. Foveran's commitment is to not only supply high end trophies for ourselves, but also to supply elite trophy genetics to the deer farming community. The continued improvement of our trophy herd is rewarding us with some massive red deer trophy antler heads with long-tined, heavy, wide, "wow" type configurations. Our German herd strategically crossed with European and English genetics has given us the opportunity to do that.

Temperament We continually manage and evaluate the herd for this important trait.

This sale will be hosted by bidr® (bidr.co.nz) as a HYBRID ON-FARM auction, with online bidding and a live-stream available for online purchasers.

All intending online purchasers must register with bidr® using an account held with one of the bidr® partner agencies in advance of the sale date.

The bidr® team is available to assist intending purchasers with signing up and registering - please call 0800 TO BIDR (0800 86 2437), or email enquiries@bidr.co.nz for assistance at any point.

Alternatively, contact your local bidr® representative:

3	HA 15.5kg	641 IOA
4	HA 22.14kg	751 IOA
5		841 IOA

COMMENT: Cane has been bred here at Foveran. A son of the very heritable McCaw who has produced us so many top stags in previous sales. At 504 5/8 IOA, Cane was placed 4th in the National 2yr HA Competition. As a 3yr old he was placed 3rd in the 3yr section. As a 4yr old he was placed 2nd in the 4yr section of the Rising Stars at 751 IOA. At 841 IOA at just 5yrs, he would have been the world record then if he had been taken as a trophy.

3		515
4	Damaged	
5	HA 16.5kg	619 4/8
6		705

COMMENT: Sired by Fig Jam who has been scored at 826 IOA and with an antler structure typical of his breeding, Munro has an antler structure with the "wow" factor. His dam sire Discombe was a National 2yr HA Champ. He matured at 652 SCI with a 62 inch spread which looks to have been inherited by this young sire. Munro grew a stunning 705 IOA of antler at years and looked set to follow in the footsteps of his sire FigJam prior to his untimely death.

3	57pts 17.21kg HA	664
4	60 pts	713
5	62 pts 23.7kg HA	708 6/8

COMMENT: Robert Hay is a full brother to Henry Wider which we sold to Mike Dempsey as a three year old. Together with their sire Apex, all three stags have scored in excess of 700 IOA at 5 years. All three stags also have eye catching antler styles with the "wow" factor proving the heritability of these genetics. Robert Hay is a big bodied stag that would easily be 300kg at his peak. We recommend his progeny.

COMMENT: Rigby was the highest priced stag sold at auction in 2016 at \$138,000. He is the son of Leon. Rigby has good length brow, bez and trez tynes. Rigby is a National 3yr HA Champion. A very heritable sire of both Phoenix and Mordecai.

Three Year Old Stags

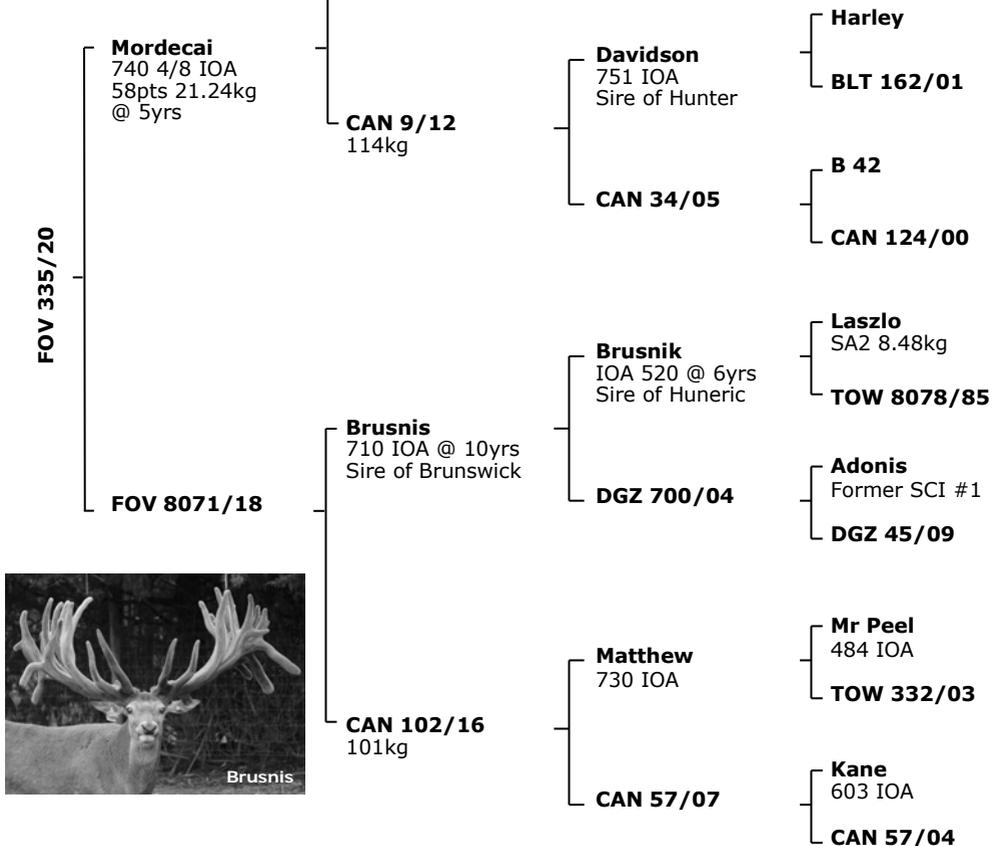

Lot 1: Tag 335 Pure European 3yr son of Mordecai

1

P 19

Price: _____
Purchaser: _____

Recent Wt: 160kg 17/11/2023

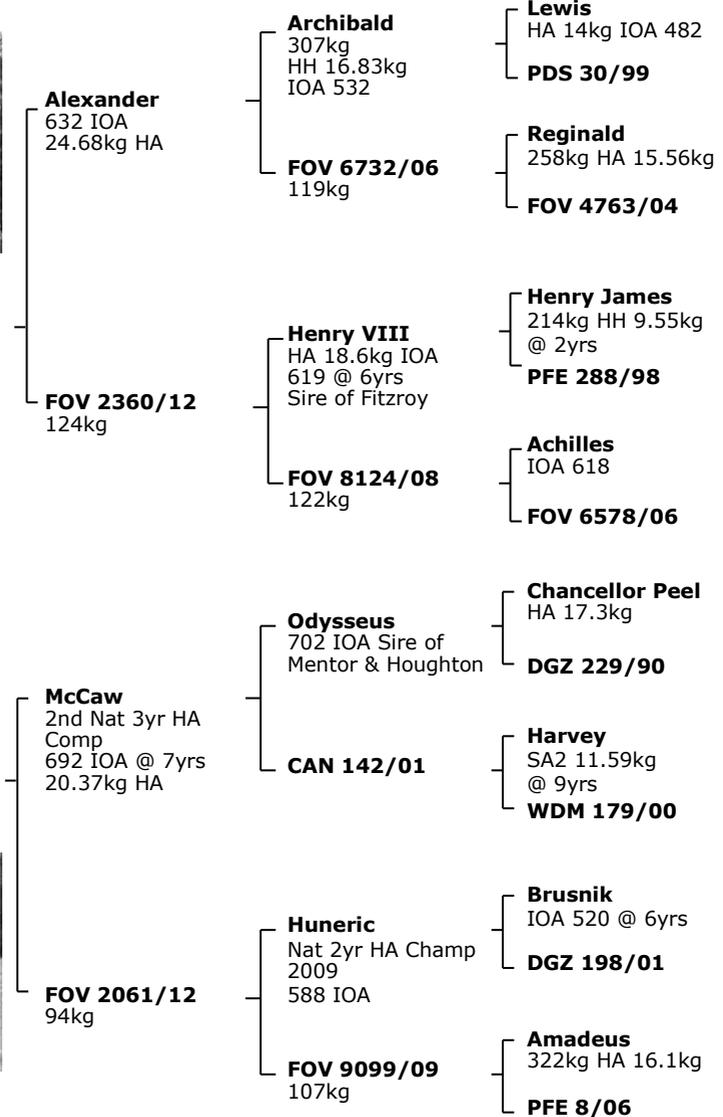

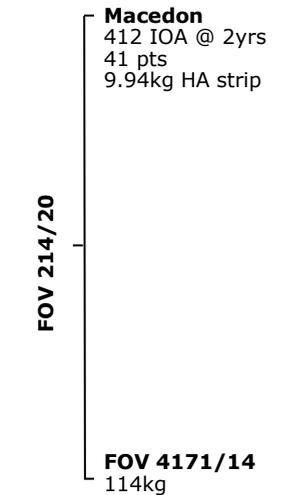

Sale Day Wt:

Comment: We have used Mordecai since he was a spiker in our breeding program. He is leaving some impressive progeny and this guy is a good example. Brusnis is also the sire of our master sire Brunswick who is carrying an impressive head of antler this year with a hugely long main beam. This guy has started well with a symmetrical head, splitting treys and looks very promising in the tops.

Lot 2: Tag 214
Pure European 3yr son of Macedon

Price: _____

Purchaser: _____

Recent Wt: 170kg 17/11/2023

Sale Day Wt:

Comment: Sire Macedon was a heavy antlered sire as expected from an Alexander/ Henry VIII combination. He has since been sold to Mt Cecil for his trophy potential. Dam 4171 is from a McCaw/Huneric mix so is similarly bred to Cane. This is going to be a big head with a heavy beam. We are expecting big tops as seen at selection time.

Lot 3: Tag 247

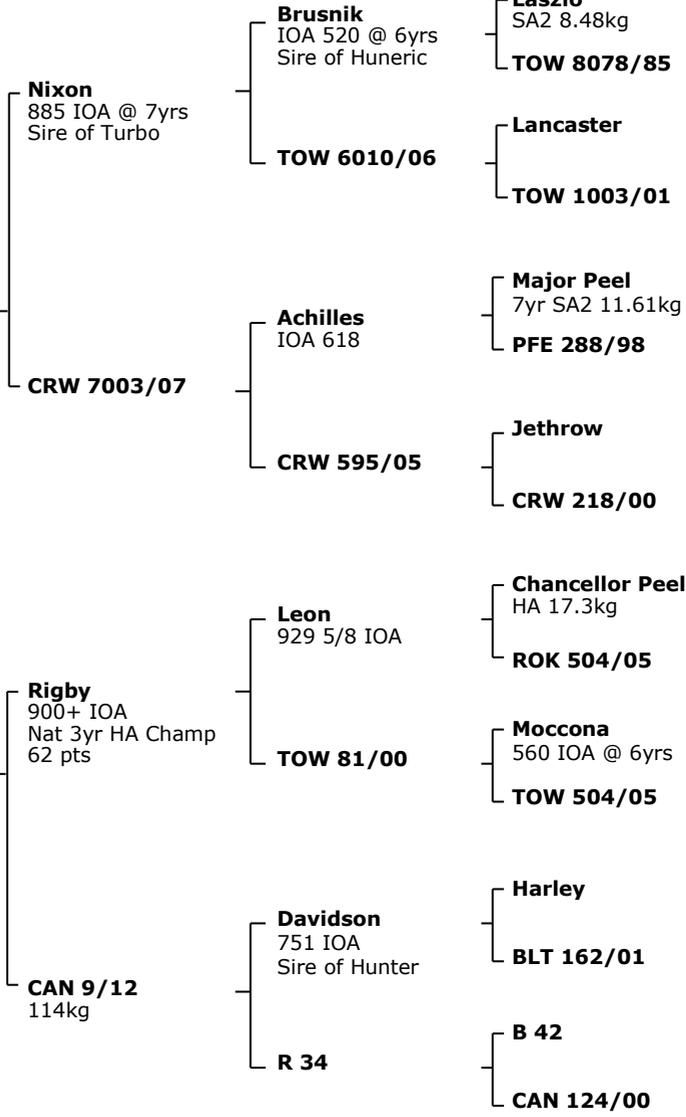

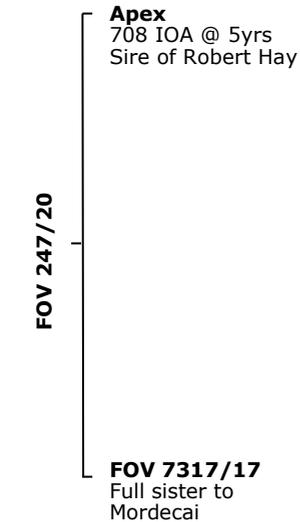

Pure European 3yr son of Apex

3

P 21

Price: _____

Purchaser: _____

Recent Wt: 165kg 17/11/2023

Sale Day Wt:

Comment: Sire Apex is also the sire of Robert Hay. Dam 7317 is a full sister to Mordecai. A special mix here that we expect will be very heritable. This guy has big front tynes, heavy tops about to burst at selection time. He looks to have a great head coming!

Sale Day Wt:

Comment: Sire Rigby is also the sire of Mordecai. A very heritable sire in our herd for high scoring trophy deer. This makes him a great match for dam sire Hunter. Note too McCaw (sire of Cane) on the bottom line. This guy has big front tynes. He's possibly going to split his main beam on his left side and so we expect he will have great trophy potential at maturity.
