Conditions of Sale

Venue

Foveran Deer Park sales complex, Foveran Deer Park, Haka Valley, Kurow, North Otago, 8km from Kurow (will be signposted).

Deer Inspection

Deer may be inspected in the paddock at any time prior to the sale by arrangement. On DAY OF SALE deer may be inspected from 11.30am.

DNA Identification

All Foveran master sires and our entire stud female breeding herd have now been DNA profiled (for confidence in the accuracy as to our breeding).

Insurance

Insurance facilities are available at the office. Insurance is the responsibility of the purchaser and any stock left on Foveran is strictly at the purchaser's risk.

Conditions of Sale

The sale will be conducted by PGG Wrightson with the conditions of sale as set down by the New Zealand Stock and Stations Agents Association, a copy of which is exhibited in the office on sale day.

Each lot becomes the purchaser's property and risk at the fall of the hammer.

Warranties and insurance are covered under separate headings.

Terms are strictly cash unless prior arrangements are made with the auctioneers. Accounts not paid within 14 days of sale shall bear interest, at 24% per annum from the date of sale.

If payment is not received within 30 days from sale, reservation of title will revert to Foveran for security purposes until account is paid in full, including interest owing.

The sale is conducted exclusive of GST.

A buyer's commission of 5% is payable to non-participating companies and recognised independent agents introducing and accompanying purchasers to the sale providing prior arrangements [no later than 24hrs prior to sale] are made with PGG Wrightson.

Intending purchasers are required to register with the auctioneers prior to the commencement of the sale.

Conditions of Sale cont./ Guarantee

No animals, embryos or semen sold by Foveran Deer Park or their germplasm or any subsequent progeny or germplasm, including the semen and germplasm of that progeny, may be supplied to a third party without the written permission of Foveran Deer Park.

This condition does not affect normal commercial deer farming or stud farming or the normal sales of semen or embryos as it only applies to entities with the primary function of commercial semen/germplasm activities.

It is a condition of sale of any animals, embryos, germplasm or semen sold by Foveran Deer Park that the purchaser agrees to include the following clause as a condition of any subsequent sale or gift of any animal, embryo, semen, germplasm or subsequent progeny or germplasm to a third party—"the purchaser acknowledges that it will not supply any animals, embryos, semen or germplasm to any commercial semen/germplasm marketing or sales entity, and will ensure that this clause is inserted as a condition of any sale or gift of any animals, embryos, semen or germplasm."

TB Status

Our herd status continues to be a C10 classification.

Johnes tested

All stags in the sale have been Johnes tested clear.

Guarantee

All sale stags are guaranteed in terms of their genetic performance and temperament through DNA profiling. This does not include sickness or injury. All deer in this sale are tested for Johnes and are deemed sound for use as a sire stag. Any stag that does not meet the standards mentioned above will be replaced or a full credit given to use at a subsequent Foveran Deer Park Sale.

Disclaimer

Number of antler points – owing to the lateness of stags this year at the time of selection, we have estimated the number of points we expect to see at the time of sale. Please note these are estimates only and we give no guarantee as to the actual number of points on sale day.

Foreword

Dear Clients and Friends,

Welcome to our 34th Annual Elite Sire Stag Sale.

At the time of writing we have just passed the second anniversary of Bob's death and I still miss the banter that went on at stag selection time!! His comments and advice still echo in my head and our long association has certainly helped assist me in guiding Foveran on our quest to produce the top all round stag.

Our catalogue production schedule this year has meant that we have had to select our sale stags earlier than ever before in an effort to get our catalogues to you a bit earlier than normal. As a result some of our two year olds have had to be selected on what we believe their potential to be and not necessarily what they have on their heads at the time of selection and so we can expect some surprises. What I can tell you though is that we have some outstanding stags that leave us in no doubt that they will make the grade for the sale. They will impress you for sure!

We have a few photos in this catalogue of some lots to give you a taste of what's on offer. There is only a small selection due to the early production schedule of the catalogue, so please keep in mind that they were taken at the end of November. We are hoping to put up to date photos of our sale stags on our Facebook page and website so that you can follow their progress. We will also be sending out an email with these, so if you wish to get that, please send us your email address.

Please remember too that our stags represent a great investment as they will all have a high residual value as trophy stags at maturity. Many times we have seen our stags as older animals on other farms exhibiting antlers that make them worth far more as trophies than what our clients originally paid for them!

Viewing is available by appointment prior to the sale and from 11.30am on sale day. We invite you to join us for lunch prior to the sale and for drinks and a snack afterwards. We look forward to catching up with you then.

Kind regards

Barry Gard & Staff at Foveran Deer Park.

FOVERAN DEER PARK

Mission Statement

Our motto Breeding the difference

a term that best describes our intention for our deer stud at Foveran.

By continuing our intensive breeding programme in what we believe is the largest red deer stud in New Zealand, it is our intention to supply the NZ deer industry with the very best genetics for venison growth rates, velvet production, and also our fast growing high end trophy antler stags.

DBVs Venison growth rates. We continue to develop this major trait within our deer herd, with encouraging results. Our German herd for example, with Master sires such as Amadeus, Bonn, Wredeson Major & Red Baron leading the way, and some of our weaners at weaning in February topping out at 90kg. Yearling spikers to 155kg and 2 year olds to 253kg.

Velvet By identifying specific lines of deer for velvet production, we are constantly improving the performance per animal to improve not only the production levels per animal but also the components of velvet conformation. As a result our velvet herd continues to grow with fast improving results.

Trophy The fastest growing component of our deer industry at present. Foveran's commitment is to supply for ourselves high end trophies, but also to supply elite trophy genetics to the deer farming community. The continued improvement of our trophy herd is rewarding us with some massive red deer trophy antler heads with long timed heavy wide "wow" type configurations. Our German herd strategically crossed with European and English genetics has given us the opportunity to do that.

Temperament We continually manage and evaluate the herd for this important trait.

COMMENT: Purchased from Malcolm Cane for the top price of \$62,000, McCaw is an outstanding addition to our master sire line up. Placed 2nd in the Rising Stars 3yr HA Competition and also voted People's Choice in that competition. Malcolm considered retaining him for a sire. He is a great all round stag with superb temperament, great body confirmation and incredible antlers! Bifurcating brow, beys and treys with super heavy tops. His dam is a full sister to Kane. We consider these genetics to be very high in the ranking with the best head we have ever seen for a 3yr old. Odysseus has shown his genetic consistency with a large number of impressive sons produced.

COMMENT: Alexander was identified in a large group of stags being run on another property. He so impressed us with his extremely heavy beamed antler structure and has continued to impress us ever since. At 22.84kg he is the heaviest antlered stag we have produced and this year he added almost 100 inches to his score. At just 5 years old he is already one of the heaviest antlered sires in the industry and we expect him to break all records at maturity. An excellent dual purpose sire for both velvet and trophy antler. We have used Alexander extensively in this year's breeding programme.

COMMENT: Gregor's impressive 5yr antler will be on display at the sale. After damaging his antler last year by getting tangled in wire last year, he is growing an impressive head again this year. We will have him in the shed at the sale so you can see his 7yr head! Gregor was the sire of the impressive spiker which was placed 2nd in the 1 year National HA Comp 2016. He was also the sire of the impressive Lot 15 sold for \$45,000 at last year's stag sale. A top performing sire and we recommend his progeny to you.

COMMENT: Lord Haka's early maturing genetics are valued in our breeding programme. At 201kg and 502 IOA he is impressive and one of the few sires to attain a 500+ IOA score at just 2 yrs. Also worth noting is that his 13.5kg antler is a new industry record. Now owned by the Fraser family of Mt Cecil, we continue to use Lord Haka in our breeding programme. We are offering a small selection of sons in this catalogue.

COMMENT: Amadeus, truly the most amazing 2 year stag ever produced. His record breaking huge wide expansive, heavy beamed head of 31 points and 427 IOA, with a huge bodyweight of 260kg at just 3 years is unbelievable. His exceptional 7 year antler takes pride of place in our trophy room. At 634 IOA he really does have the "wow" factor. The Wrede bloodlines are proven with such sires as Wredeson, Wredeson II, Wredeson Major, and now Amadeus. Amadeus is the sire of Sebastian (sire of Vicktor). With good semen stocks he will continue to be part of our breeding programme.

COMMENT: Purchased from Westbush Deer Stud, Henry VIII is a son of our own Henry James. He has an impressive heavy set of antlers typical of many of Henry James' sons. He was the most impressive 3 year old sire offered the year we purchased him. We were so impressed with him we couldn't resist purchasing these genetics back for our own herd. He is a major player in our breeding programme and at 619 IOA at just 6yrs, the offering in this catalogue represents a great opportunity to secure some progeny from this future industry great.

COMMENT: Apollo has been strategically bred for big royals on a wide spread, with good body and temperament and we have got the lot! An exceptional trophy mix in his pedigree. Also interesting to note that grand dam 1003's brother 'Little Rock' had an IOA score slightly ahead of Salvador at 2 years. Great grand dam 3068 is the mega dam at Pelorus Deer stud for trophy genetics. 5th in the 2009 Rising Stars HA competition, and with 2 other full brothers in the Top 5, this confirms the heritability we can expect from this rising star. Apollo is impressive this year with his best head yet.

COMMENT: Fov Windsor's pedigree impressed us. Of our 3 Warlord sons, this is the most impressive trophy pedigree. Warlord at 573 at just 5 years is an impressive sire who has the "wow" factor for trophy hunters. Add this over Awesome at 520 IOA at just 4 yrs with Heathrow in the background and we have a genetically proven safari pedigree. Sire of Lord Haka at 201kg, HA 13.5kg and IOA 502 at just 2 years, Fov Windsor has established himself as a very heritable sire in our breeding programme.

COMMENT: Purchased by Peter Adlam from Tower Farms, he was the top priced stag at their sale that year. Sired by our master sire Pegasus, over Brusnik (sire of Huneric and Zidarn). Faulty Towers is maturing into a top master sire with an impressive trophy score of 558 IOA at just 4yrs old with extremely long front tynes and tops. We have included this impressive master sire in our breeding programme again this year.

COMMENT: Ingor II is an industry recognised champion sire. He has won the National Velvet Competition 4 times and has also won the Hard Antler section at the National Velvet awards. We have used him for the last two breeding seasons in our ET programme as an outcross for our Pure Schulte Wrede German hinds with the plan to breed a new German sire stag for the stud. We are also happy to share this opportunity with you with the offering in this sale.

Comment: This is the first Alexander 2yr old son to be offered for sale. His heavy beamed high scoring antler is being passed on to his progeny. Dam sire Morpheus was a national 3yr HA Champion. He is also the sire of Phobeter (609 IOA @ 4yrs). Note too the very heritable Chancellor Peel (sire of Odysseus, Salvador and Commander Peel to name a few) on the bottom line. This stag has very strong fronts, and a heavy beam. Expect multi tops, at least 20 points.

Comment: Gregor was the sire of our impressive spiker placed 2nd in the National 1yr HA competition in 2016. He was also the sire of lot 15 sold last year for \$45,000 and placed 3rd in the National 2yr HA Competition in 2016. Dam sire Huneric was a National 2yr HA Champion. You only have to look at past Rising Star competition results to see how many times he appears in the pedigree of the entrants to confirm his heritability. This stag has strong beys and treys and is long and wide. Expect over 20 points.

Comment: Faulty Towers at 558 IOA at just 4 years was impressive. The small offering of Faulty Towers sons in this catalogue confirm his heritability. Dam sire Odysseus is extremely heritable also. He is the sire of Mentor, McCaw, Houghton and many other industry sires. Kane on the bottom line is a full brother to Hector and the sire of one of our top trophy dams 6285. This stag has big fronts and a long beam. A very strong head. Expect multi tops but at time of writing it's too early to estimate points.

Comment: Faulty Towers at 558 IOA at just 4 years was impressive. The small selection of sons in this sale confirms his heritability. Dam sire Amadeus is a top all round sire for both bodyweight and antler. He is the sire of Sebastian and many top stags sold by us at previous sales. Note too Odysseus on the bottom line is the sire of Mentor, McCaw, Houghton and many other top industry sires. This stag has very strong fronts and tops coming.

Comment: Lord Haka was sold by us as an impressive 2yr old for \$52,000. Now owned by Mt Cecil we are lucky enough to continue to breed with him via AI. He continues to impress us at 721 IOA at 5yrs and looks set to break all records. Dam sire Odysseus is extremely heritable. He is the sire of Mentor, McCaw and Houghton and many other top industry sires. Kane on the bottom line is a full brother to Hector and the sire of top trophy dam 6285. This stag has big strong beys and treys and long tops. We estimate at least 20 points.

SBP 177/91

Comment: Gregor is the sire of our impressive spiker placed 2nd in the National 1yr HA Competition in 2016. He also sired lot 15 sold at last year's sale for \$45,000 and placed 3rd in the National 2yr HA competition in 2016. He will be on display at the sale with his best head yet. A truly impressive and very heritable sire. Dam sire Hotspur's extremely heavy antler is well matched to that of Gregor in this pedigree. This stag has big fronts and a heavy beam typical of his breeding. It's too early to estimate points but expect multi tops.

Comment: Alexander is developing a reputation for leaving heavy beamed antlers as can be seen by his sons in this sale. They were also our heaviest spikers. Henry VIII also has a reputation for this. He is the sire of Fitzroy (552 IOA and 51 points @ 4yrs). Note too Odysseus on the bottom line is very heritable. He is the sire of Mentor, McCaw, Houghton and many other top industry sires. A full brother to lot 22, this stag has strong front tynes, a heavy beam and is wide. It's very early in his antler development but he looks to have lots of potential.

Also remember he was placed 2nd in the National 3yr HA competition and also voted People's Choice. Dam sire Hannibal introduces more eye catching "wow" factor antler to this mix. A former 2yr HA champion. Note Awesome on the bottom line is the sire of Awesome II, Flash and Moconna. This stag has a nice even head. Possibly 20 points but just a bit early to tell.

Comment: Houghton as the sire brings with him all the power and heritability from his sire Odysseus (sire of Mentor, McCaw and many other top industry sires). Dam sire Huneric appears in the pedigree of a number of entrants to past Rising Star competitions. His heritability is well documented there. Comment: Hadlow was purchased at the same time as Houghton. At 3yrs he had 39 points of antler. His sire is the very heritable Odysseus (sire of Mentor, McCaw, Houghton and many other top industry sires). Comment: Houghton was purchased from Malcolm Cane for \$43,000. This is the first crop of 2 year old sons from him. A lucky buyer of one of his first weaner stags rang to tell us how impressed he was with him now as a 2 year old. Not surprising given the power of Odysseus as his sire. Dam sire Discombe was a National HA champion and a full brother to Apollo and Holy Oak (National 3yr HA Champion). This stag has a nice even head with a heavy beam. Too early to estimate points but expect multi tops.

Comment: Davidson at one stage was the highest scoring sire in the industry and certainly the first to break the 700 IOA mark. We have retained one of his sons as a sire and he may be on display at the sale. Dam sire Matthew has also broken the 700 IOA mark. He is also the sire of Sam Cane's Adidas purchased for \$90,000 last year. It's too early to estimate points on this stag but he looks to have multi points coming.

Comment: Stapleford was developing into a great sire and we expected him to be at least as good as Houghton his stable mate until he unfortunately met with an accident. There will only be a limited opportunity to purchase these genetics which we recommend. His sire Odysseus is also the sire of McCaw, Mentor, Houghton and many other top industry sires. Dam sire Adonis needs no introduction. A former SCI World Record and also the sire of Warlord, Metallica and Spartacus.

Windsor is the sire of Lord Haka (721 IOA @ 5yrs). Her dam 8227 is also the dam of Prince (sire of lot 6 in this sale). This stag has strong front tynes and a heavy beam. Also very wide.

Comment: Houghton was purchased from Malcolm Cane for \$43,000. This is the first crop of 2yr old sons from him. We have had excellent feedback from a lucky buyer who purchased one of his first weaner stags and he rang to say how impressed he was with him as a 2yr old. Dam sire Morpheus is the sire of Phobeter (609 IOA @ 4yrs). He shares his sire Scipio with Gregor.

Comment: Gregor is the sire of our impressive spiker placed 2nd in the National 1yr HA Competition in 2016. He also sired lot 15 sold at last year's sale for \$45,000 and placed 3rd in the National 2yr HA competition in 2016. He will be on display at the sale with his best head yet. A truly impressive and very heritable sire. Dam sire Odysseus is a very heritable sire. This is now well documented with his sons Mentor, McCaw, Houghton and many other top industry sires. This stag has strong beys. This is a big bodied stag with an even head developing multi tops.

Comment: 1146 was used as a spiker to mate some of our maiden hinds. He ranked in our Top 10 spikers for that year. Dam sire Heathrow was National Velvet champion three times. Motdonis' heavy antler of 22.45kg will further compliment the heavy beamed antler genetics in the dam pedigree. This stag has big long fronts. We estimate 23 points.

Comment: It is no coincidence that 25% of last year's stag sale catalogue was McCaw and he has a lot of sons in this sale also. His heritability factor is extremely high. Also remember he was placed 2nd in the National 3yr HA competition and also voted People's Choice. Dam sire Prince Philip is a former SC World Record #1. Remember that a full sister to Prince Philip is the dam of Fitzroy. Commander Peel on the bottom line was a 2yr HA champion and produced a number of top 2yr olds in one of our previous sales. A heavy beamed stag with multi tops just developing.

Comment: Windsor is the sire of Lord Haka (712 IOA @ 5yrs). His sire Warlord was a National 2yr HA champion. Warlord is also the sire of Fig Jam (636 IOA @ 6yrs). His dam sire Awesome is also the sire of Awesome II, Flash and Moconna so we know this to be a very heritable pedigree. Dam sire Mountbatten is also the sire of Prince Philip, a former SCI world record #1. He is also the dam sire of Fitzroy. This stag has big fronts, a heavy beam. At least 20 points.

Comment: Amadeus was a top all round sire for both bodyweight and antler. His antlers hanging in our trophy room are still eye catching and exhibit the "wow" factor. He is the sire of Sebastian and many top stags sold in our previous sales. Most recently Lot 3 at our 2015 stag sale a 195kg 2yr old sold to A Stewart for \$18,000. Dam sire Woody has produced some exceptional sons for us. Most notably lot 4 at our 2013 stag sale, a 204kg 2yr old sold to R Ponsonby for \$17,000. Also lot 9 in the same sale a 2yr old @ 195kg sold for \$17,000. A very heritable pedigree. This stag has very even front tynes, a nicely shaped antler. We estimate at least 20 points.

Comment: Gregor is the sire of our impressive spiker placed 2nd in the National 1yr HA Competition in 2016. He also sired lot 15 sold at last year's sale for \$45,000 and placed 3rd in the National 2yr HA competition in 2016. He will be on display at the sale with his best head yet. A truly impressive and very heritable sire. Dam sire Prince Philip was a former SCI World Record trophy. Harvey on the bottom line was a national velvet champion and also the sire of McLeod. This stag has nice dark velvet, is very even with multi tops coming. We estimate 20 points.

Sale Day Wt:

Comment: Lord Haka was impressive as a 2yr old when we sold him to Mt Cecil for \$52,000. He has gone on to produce 712 IOA at just 5 years and is one of only a few stags to achieve this at such a young age. Dam sire Henry VIII has a reputation for leaving heavy beamed antler genetics. Note too Odysseus on the bottom line is the sire of Mentor, McCaw, Houghton and many other top industry sires.

He also sired lot 15 sold at last year's sale for \$45,000 and placed 3rd in the National 2yr HA competition in 2016. He will be on display at the sale with his best head yet. A truly impressive and very heritable sire. Dam sire McCaw was placed 2nd in the National 3yr HA competition and also voted People's Choice. He is a very heritable sire as you can see by the number of his sons in this sale.

Comment: McCaw was placed 2nd in the National 3yr Ha competition and also voted People's Choice. He had an impressive line of 2yr old sons in this year's stag sale. Almost 25% of the 2yr olds on offer were McCaw sons which is testimony to his heritability. Dam sire Henry VIII has a heavy beamed high scoring antler typical of Henry James' line. He is also the sire of Fitzroy (552 IOA @ 4yrs 51 points). Note also Morpheus (National 3yr HA Champ) on the bottom line. He shares his sire Scipio with Gregor. The future progeny from this young hind will surely impress.

Comment: Lorde has inherited his multi pointed antler style form Metallica who shares his sire Adonis with Warlord and Spartacus. His dam sire Tamar was a former SCI World Record Trophy stag. Dam sire Woody was the former SCI World Record, being only one of a handful of sires to exceed the 700 IOA score. He has produced many top 2yr olds for us at previous sales. Top performing antler genetics for both score and weight throughout this pedigree.
