Location Map

Foreword

Dear Clients and Friends,

Welcome to our 39th Annual Elite Sire stag sale and what a year its been!!

We celebrated with the Robertson family and Infinity staff the centenary of Foveran in October. 100 years of ownership and also the Foveran name after Alexander McBey Robertson purchased and named Foveran in 1921.

In these uncertain times and with no clear direction from the government, we have decided to have a live auction alongside the support of BIDR for anyone who is unable to attend in person. There will be good video footage of the stags in the selling ring on BIDR and we have improved the lighting!!

We have a great line up of stags on offer. We hope there is something for everyone with 3, 4 and 5 year stags included in the sale. Many of the stags are suitable as breeding sires and they will all have a residual value at maturity as trophy stags.

We are expecting that at some stage next year, we are going to get hunters here and so we are growing out a limited number of trophy stags for our own hunting operation and for other outfitters. Again there has been no clear direction from central government but we feel the opening up of the borders is imminent with so many of us now vaccinated, and pressure is on the government to reduce the MIQ requirements.

As always our stags are guaranteed. We are always interested in any feedback from you. Our stags have a reputation for shifting well and so you can buy with confidence they will continue to improve with age.

PLEASE NOTE THAT ALL ANTLER CUT OFF THESE STAGS REMAIN THE PROPERTY OF FOVERAN. If you wish to retain the antler we suggest that you take your stag with his antlers on and we do encourage you all to do this due to the risk of taking antlers off stags at this time of the year.

We wish you well with your purchases.
Good luck with your bidding!

Kind regards

Barry Gard & Staff at Foveran Deer Park.

FOVERAN DEER PARK

Conditions of Sale

Venue

Foveran Deer Park sales complex, Foveran Deer Park, Haka Valley, Kurow, North Otago, 8km from Kurow (will be signposted).

Deer Inspection

Deer may be inspected in the paddock at any time prior to the sale by arrangement. On DAY OF SALE deer may be inspected from 11.30am.

DNA Identification

All Foveran master sires and our entire stud female breeding herd have now been DNA profiled (for confidence in the accuracy as to our breeding).

Insurance

Insurance facilities are available at the office. Insurance is the responsibility of the purchaser and any stock left on Foveran is strictly at the purchaser's risk.

Conditions of Sale

The sale will be conducted by Rural Livestock Limited with the conditions of sale as set down by the New Zealand Stock and Stations Agents Association, a copy of which is exhibited in the office on sale day.

Each lot becomes the purchaser's property and risk at the fall of the hammer.

Warranties and insurance are covered under separate headings.

Terms are strictly cash unless prior arrangements are made with the auctioneers. Accounts not paid within 14 days of sale shall bear interest, at 24% per annum from the date of sale.

If payment is not received within 30 days from sale, reservation of title will revert to Foveran for security purposes until account is paid in full, including interest owing.

The sale is conducted exclusive of GST.

A buyer's commission of 4% is payable to non-participating companies and recognised independent agents introducing and accompanying purchasers to the sale providing prior arrangements (no later than 24hrs prior to sale) are made with Rural Livestock Ltd.

Intending purchasers are required to register with the auctioneers prior to the commencement of the sale.

FOVERAN DEER PARK

Conditions of Sale cont./ Guarantee

No animals, embryos or semen sold by Foveran Deer Park or their germplasm or any subsequent progeny or germplasm, including the semen and germplasm of that progeny, may be supplied to a third party without the written permission of Foveran Deer Park.

This condition does not affect normal commercial deer farming or stud farming or the normal sales of semen or embryos as it only applies to entities with the primary function of commercial semen/germplasm activities.

It is a condition of sale of any animals, embryos, germplasm or semen sold by Foveran Deer Park that the purchaser agrees to include the following clause as a condition of any subsequent sale or gift of any animal, embryo, semen, germplasm or subsequent progeny or germplasm to a third party—"the purchaser acknowledges that it will not supply any animals, embryos, semen or germplasm to any commercial semen/germplasm marketing or sales entity, and will ensure that this clause is inserted as a condition of any sale or gift of any animals, embryos, semen or germplasm."

TB Status

Our herd status continues to be a C10 classification.

Guarantee

All sale stags are guaranteed in terms of their genetic performance and temperament through DNA profiling. This does not include sickness or injury. All deer in this sale are tested for Johnes and are deemed sound for use as a sire stag. Any stag that does not meet the standards mentioned above will be replaced or a full credit given to use at a subsequent Foveran Deer Park Sale.

Disclaimer

Number of antler points – owing to the lateness of stags this year at the time of selection, we have estimated the number of points we expect to see at the time of sale. Please note these are estimates only and we give no guarantee as to the actual number of points on sale day.

Mission Statement

Our motto Breeding the difference

a term that best describes our intention for our deer stud at Foveran.

By continuing our intensive breeding programme in what we believe is the largest red deer stud in New Zealand, it is our intention to supply the NZ deer industry with the very best genetics for venison growth rates, velvet production, and also our fast growing high end trophy antler stags.

DBVs Venison growth rates. We continue to develop this major trait within our deer herd, with encouraging results. Our German herd for example, with Master sires such as Amadeus, Bonn, Wredeson Major & Red Baron leading the way, and some of our weaners at weaning in February topping out at 90kg. Yearling spikers to 155kg and 2 year olds to 253kg.

Velvet By identifying specific lines of deer for velvet production, we are constantly improving the performance per animal to improve not only the production levels per animal but also the components of velvet conformation. As a result our velvet herd continues to grow with fast improving results.

Trophy The fastest growing component of our deer industry at present. Foveran's commitment is to not only supply high end trophies for ourselves, but also to supply elite trophy genetics to the deer farming community. The continued improvement of our trophy herd is rewarding us with some massive red deer trophy antler heads with long-tined, heavy, wide, "wow" type configurations. Our German herd strategically crossed with European and English genetics has given us the opportunity to do that.

Temperament We continually manage and evaluate the herd for this important trait.

3	HA 15.5kg	641 IOA
4	HA 22.14kg	751 IOA
5		841 IOA

COMMENT: Cane has been bred here at Foveran. A son of the very heritable McCaw who has produced us so many top stags in previous sales. At 504 5/8 IOA, Cane was placed 4th in the National 2yr HA Competition. As a 3yr old he was placed 3rd in the 3yr section. As a 4 yr old he was placed 2nd in the 4yr section of the Rising Stars at 751 IOA. At 841 IOA at just 5yrs, Cane would have beaten the current SCI World Record. His mass of antler is impressive and he is growing another massive head this year.

5	HA 21.93kg	664 5/8
6	HA 23.28kg	690 2/8
7	HA 21.06kg	

COMMENT: Bred here at the stud, his sire Henry VIII has a sound reputation for leaving heavy beamed sons. Fitzroy's dam 9119 is a full sister to Prince Philip who was the SCI World Record sire for 2012. Her dam sire Lewis is also the sire of former SCI World Record sire Charlie Mac and Legend. Fitzroys antler growth was affected last year but we are pleased to report that it has returned to normal this year. A super long and wide head which he passes on to his progeny.

Munro

4	Damaged	
5	HA 16.5kg	619 4/8
6		705

COMMENT: Sired by Fig Jam who has been scored at 826 IOA and with an antler structure typical of his breeding, Munro has an antler structure with the "wow" factor. His dam sire Discombe was a National 2yr HA Champ. He matured at 652 SCI with a 62 inch spread which looks to have been inherited by this young sire. Munro grew a stunning 705 IOA of antler this year and looked set to follow in the footsteps of his sire FigJam prior to his untimely death.

COMMENT: Adidas was purchased in 2015 by Sam Cane for \$90,000 and was one of the most impressive stags offered at Cane’s sale. Adidas won the National 3yr HA competition at the Rising Stars and was also awarded the Supreme Trophy award. Unfortunately, his 4yr old antler was damaged. Malcolm advises it looked bigger than his 3yr old antler but was not able to be scored. Now at 5 years at 640 IOA, Adidas has recovered well.

Sale Day Wt:

Comment: Sire Hunter was the previous SCI World Record at 817 1/8 SCI at just 6 years of age. Dam sire Apex is the sire of Robert Hay. Top trophy genetics! This stag has a heavy beam, droppers both sides and his right beam is splitting at selection with big tops coming. We expect this stag will be high scoring at maturity with excellent residual value as he matures.

Houghton

Recent Wt: 175kg 17/11/2021

Sale Day Wt:

Comment: It is no coincidence that Fitzroy has a strong offering in this sale. He has a reputation for leaving heavy beamed dark velvet. A very heritable sire. Houghton shares his dam with Hunter. Note Huneric (dam sire of Cane) on the bottom line of this pedigree. This stag is just at velvetting at selection. He has a strong heavy beam and looks to be developing strong tops.

Sale Day Wt:

Comment: Sire Cane is an impressive sire scoring 841 IOA at just 5 years. We are extremely impressed with this years crop of 2 year olds which we have quite a few. He is also the sire of Jordan and Minnesota who we have kept as sires. This stag has strong tidy front tynes. He's only at velveting stage at selection but he looks to have big tops coming. We look forward to seeing how he develops.

Comment: Sire Malson impressed us as a sire at 630 IOA at just 4 years with his 55 points and long beam. Dam 4237 is also the dam of Robert Hay. Her sire Davidson is the dam sire of Mordecai also. This stag has started strongly with his antler development. He has big brows. Tops expected to be strong but it's a bit early to tell at selection.

Comment: Sire Fitzroy is extremely heritable as you can see by his sons in this sale. He often passes on dark velvet as he has done here. Dam sire Image brings another heavy beamed antler to the mix and more eye catching antler. This stag has even front tynes, just at velvetting stage at selection. We are expecting multi pointed tops. A very quiet stag to handle in the shed.

Sale Day Wt:

Comment: Sire Fitzroy has proven his heritability with the offering of his sons in this sale. Dam sire McCaw is the sire of Cane and his reputation for leaving top quality sons is well documented in previous sale catalogues. This stag has started strongly in his antler development with good tidy front tynes. Its too early at selection to pick the tops.

Comment: Munro is the sire of Damascus who we have retained as a sire and so his genetics will go on in our herd after his untimely death. Dam sire McCaw is also the sire of Cane and his heritability is now well documented in previous sale catalogues. This stag has heavy front tynes. It looks like his right trey may be multi pointed and his beam may split but it's a bit early to see at selection.

Sale Day Wt:

Comment: Sire McCaw is the sire of Cane and also many stags sold by us in previous sales. His heritability is now well documented. Dam sire Gregor has a stylish eye catching antler. Granddam 9158 is a full sister to Lord Haka. This stag has big even front tynes. Possibly developing kickers off the royals and big tops.
