MORDECAI, ORLANDO & RIGBY.**

BREEDING STAGS PLUS COMMERCIAL/TROPHY STAGS ON OFFER

Location Map

Foreword

Dear Clients and Friends,

Welcome to our 40th Annual Elite Sire Stag Sale. Having just completed our stag selection at the time of writing this we are excited about the offering as they are showing great potential. We look forward to seeing the stags in full antler!

There has been a lot of comments about the heritability of Cane largely brought about as we haven't offered many male progeny for sale up until now. This has mainly been due to the fact that we have been collecting semen or using him in ET programs and for various reasons, this has meant we haven't had a lot of his progeny to offer up until this year.

Any doubts about Cane's heritability will disappear with the line up of his sons we have on offer this year. We had organised to AI about 30 hinds with his fresh semen three years ago and we ended up with 100 fresh straws and so at the last minute changed our AI program completely to use them. As a result we ended up with a whole lot of genetic combinations that we didn't plan to do at first. We have selected 14 of his top three year olds for this sale and we know you won't be disappointed.

In addition we have sons of Mordecai and Henry Wider (a full brother to Robert Hay that we sold to Littledale in 2021). Both of these stags were used as spiker matings and so this is their first crop of three year olds to be offered.

We are expecting an influx of hunters this year and have a lot of enquiry for trophy stags for 2023. As a result we have a larger selection than normal of four year old stags on offer. In addition we have a five year old with a very eye catching antler that will score well for anyone who is looking for bigger trophy stags.

We need to remind you that ALL ANTLER CUT OFF THESE SALE STAGS REMAIN THE PROPERTY OF FOVERAN. It is too difficult to keep cut antlers and deliver them to you later. The best way to get your antlers is to have your stag delivered with his antler on. We do encourage you to do this as taking antlers off at this time of the year is not without risk.

As always our stags are guaranteed. We are always interested in any feedback from you. Our stags have a reputation for shifting well and so you can buy with confidence knowing they will improve with age.

We wish you well with your purchases. Good luck with your bidding!

Kind regards

Barry Gard & Staff at Foveran Deer Park.

FOVERAN DEER PARK

Conditions of Sale

Venue

Foveran Deer Park sales complex, Foveran Deer Park, Haka Valley, Kurow, North Otago, 8km from Kurow (will be signposted).

Deer Inspection

Deer may be inspected in the paddock at any time prior to the sale by arrangement. On DAY OF SALE deer may be inspected from 11.30am.

DNA Identification

All Foveran master sires and our entire stud female breeding herd have now been DNA profiled (for confidence in the accuracy as to our breeding).

Insurance

Insurance facilities are available at the office. Insurance is the responsibility of the purchaser and any stock left on Foveran is strictly at the purchaser's risk.

Conditions of Sale

The sale will be conducted by Rural Livestock Limited with the conditions of sale as set down by the New Zealand Stock and Stations Agents Association, a copy of which is exhibited in the office on sale day.

Each lot becomes the purchaser's property and risk at the fall of the hammer.

Warranties and insurance are covered under separate headings.

Terms are strictly cash unless prior arrangements are made with the auctioneers. Accounts not paid within 14 days of sale shall bear interest, at 24% per annum from the date of sale.

If payment is not received within 30 days from sale, reservation of title will revert to Foveran for security purposes until account is paid in full, including interest owing.

The sale is conducted exclusive of GST.

A buyer's commission of 4% is payable to non-participating companies and recognised independent agents introducing and accompanying purchasers to the sale providing prior arrangements (no later than 24hrs prior to sale) are made with Rural Livestock Ltd.

Intending purchasers are required to register with the auctioneers prior to the commencement of the sale.

FOVERAN DEER PARK

Conditions of Sale cont./ Guarantee

No animals, embryos or semen sold by Foveran Deer Park or their germplasm or any subsequent progeny or germplasm, including the semen and germplasm of that progeny, may be supplied to a third party without the written permission of Foveran Deer Park.

This condition does not affect normal commercial deer farming or stud farming or the normal sales of semen or embryos as it only applies to entities with the primary function of commercial semen/germplasm activities.

It is a condition of sale of any animals, embryos, germplasm or semen sold by Foveran Deer Park that the purchaser agrees to include the following clause as a condition of any subsequent sale or gift of any animal, embryo, semen, germplasm or subsequent progeny or germplasm to a third party—"the purchaser acknowledges that it will not supply any animals, embryos, semen or germplasm to any commercial semen/germplasm marketing or sales entity, and will ensure that this clause is inserted as a condition of any sale or gift of any animals, embryos, semen or germplasm."

TB Status

Our herd status continues to be a C10 classification.

Guarantee

All sale stags are guaranteed in terms of their genetic performance and temperament through DNA profiling. This does not include sickness or injury. All deer in this sale are tested for Johnes and are deemed sound for use as a sire stag. Any stag that does not meet the standards mentioned above will be replaced or a full credit given to use at a subsequent Foveran Deer Park Sale.

Disclaimer

Number of antler points – owing to the lateness of stags this year at the time of selection, we have estimated the number of points we expect to see at the time of sale. Please note these are estimates only and we give no guarantee as to the actual number of points on sale day.

Mission Statement

Our motto Breeding the difference

a term that best describes our intention for our deer stud at Foveran.

By continuing our intensive breeding programme in what we believe is the largest red deer stud in New Zealand, it is our intention to supply the NZ deer industry with the very best genetics for venison growth rates, velvet production, and also our fast growing high end trophy antler stags.

- DBVs** Venison growth rates. We continue to develop this major trait within our deer herd, with encouraging results. Our German herd for example, with Master sires such as Amadeus, Bonn, Wredeson Major & Red Baron leading the way, and some of our weaners at weaning in February topping out at 90kg. Yearling spikers to 155kg and 2 year olds to 253kg.
- Velvet** By identifying specific lines of deer for velvet production, we are constantly improving the performance per animal to improve not only the production levels per animal but also the components of velvet conformation. As a result our velvet herd continues to grow with fast improving results.
- Trophy** The fastest growing component of our deer industry at present. Foveran's commitment is to not only supply high end trophies for ourselves, but also to supply elite trophy genetics to the deer farming community. The continued improvement of our trophy herd is rewarding us with some massive red deer trophy antler heads with long-tined, heavy, wide, "wow" type configurations. Our German herd strategically crossed with European and English genetics has given us the opportunity to do that.
- Temperament** We continually manage and evaluate the herd for this important trait.

3	HA 15.5kg	641 IOA
4	HA 22.14kg	751 IOA
5		841 IOA

COMMENT: Cane has been bred here at Foveran. A son of the very heritable McCaw who has produced us so many top stags in previous sales. At 504 5/8 IOA, Cane was placed 4th in the National 2yr HA Competition. As a 3yr old he was placed 3rd in the 3yr section. As a 4 yr old he was placed 2nd in the 4yr section of the Rising Stars at 751 IOA. At 841 IOA at just 5yrs, he would have been the world record then if he had been taken as a trophy.

4	Damaged	
5	HA 16.5kg	619 4/8
6		705

COMMENT: Sired by Fig Jam who has been scored at 826 IOA and with an antler structure typical of his breeding, Munro has an antler structure with the “wow” factor. His dam sire Discombe was a National 2yr HA Champ. He matured at 652 SCI with a 62 inch spread which looks to have been inherited by this young sire. Munro grew a stunning 705 IOA of antler this year and looked set to follow in the footsteps of his sire FigJam prior to his untimely death.

5	HA 21.93kg	664 5/8
6	HA 23.28kg	690 2/8
7	HA 21.06kg	

COMMENT: Bred here at the stud, his sire Henry VIII has a sound reputation for leaving heavy beamed sons. Fitzroy's dam 9119 is a full sister to Prince Philip who was the SCI World Record sire for 2012. Her dam sire Lewis is also the sire of former SCI World Record sire Charlie Mac and Legend. Fitzroys antler growth was affected last year but we are pleased to report that it has returned to normal this year. A super long and wide head which he passes on to his progeny.

McCaw

Age	Antler	IOA
3		560
4		640

COMMENT: Henry Wider (tag 7158) was sold to Mike Dempsey as a 3 year old as lot 5. He is a full brother to our Robert Hay. We used him as a spiker for mating and judging by the offering in this catalogue he is very heritable. At 640 IOA at 4 years he is impressive and Mike reports he is execting 700+ at 5 years. We recommend him as a sire stag.

Comment: Amadeus' heritability has been well documented over the years. Not only in our herd but also in others. Tarentino is a good example. Dam 7101 is a full sister to Minnesota. Her sire Cane's heritability is evident in this catalogue. Note too Henry VIII (sire of Fitzroy) on the bottom line which will only enhance the heritability of this mix. This stag has a nice even head, just at velvetting stage expecting multi tops.

Comment: Sire Fitzroy at over 700 IOA was impressive at 6 years. His 44 point antler weighed over 23kg. His heavy beamed antler typical of the Henry James line. Dam sire Odysseus has produced many top sons for the industry - Mentor and McCaw are great examples. This stag has started nicely with well placed strong front tynes but its too early at selection to see tops.

Recent Wt: 189kg 14/11/2022

Sale Day Wt:

Comment: Sire Munro was impressive at 6 years and sadly never reached his true potential. He had impressive tops and would have been a high scoring stag at maturity. Dam 1080 has been an ET donor several times and is well respected at the stud. Her sire Amadeus is also the sire of Tarentino and Brusnik on the bottom line is the sire of Huneric and Nixon. This stag has strong fronts nicely placed, going to have droppers and very big tops to early to tell tops probably a high scoring trophy.

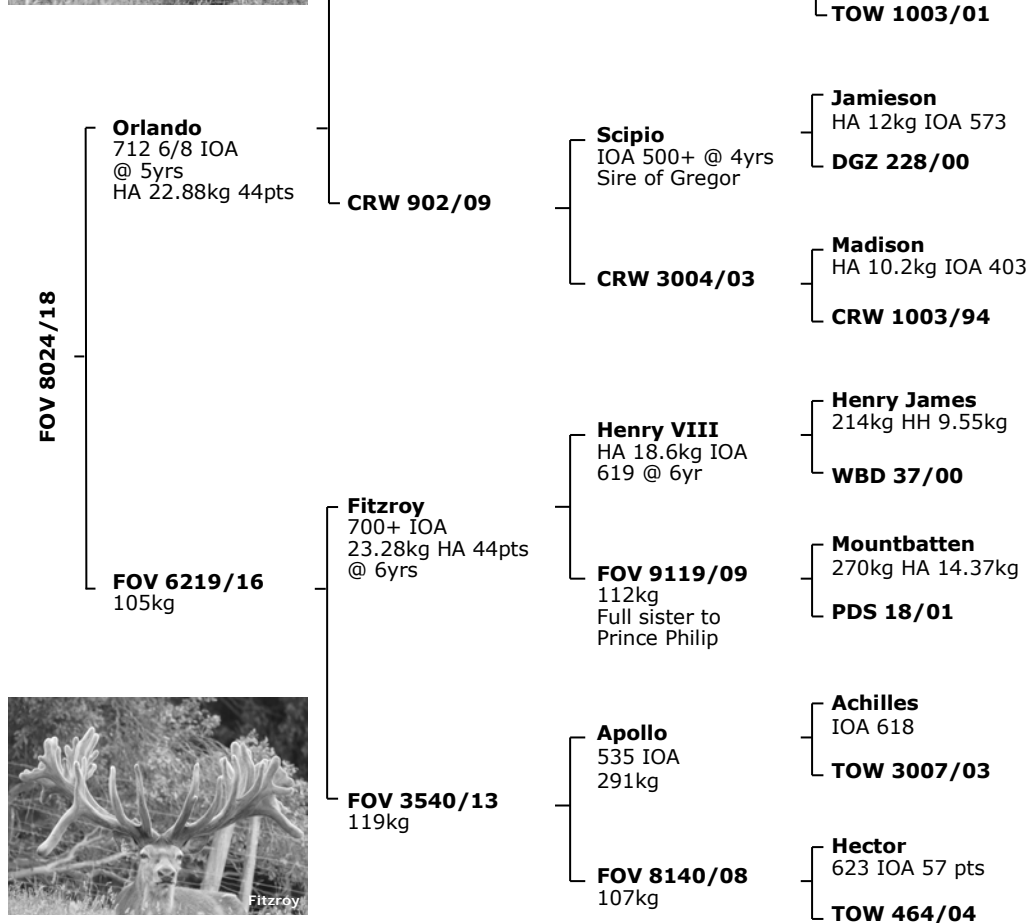

35

P 56

Lot 35: Tag 8024

Pure European 4yr son of Orlando

Price: _____
 Purchaser: _____

Recent Wt: 208kg 14/11/2022

Sale Day Wt:

Comment: Sire Orlando has a reputation for leaving big bodied progeny with strong beamed antler structure and this guy is no exception. Dam sire Fitzroy down to Apollo (full brother to Holy Oak and Discombe) can only add to the trophy potential. This stag has a big heavy head, strong fronts and tops despite having multi pointed outriggers. Expect it to be high scoring.

Comment: High scoring Hunter is the sire. An impressive stag at over 800 IOA at just 6 years. Dam sire McCaw is also the sire of Cane (841 IOA at just 5 yrs). Note too Brusnik (sire of Huneric & Nixon) on the bottom line. Could you get a better trophy pedigree?! This stag has well placed front tynes but its too early to estimate tops at selection.

Comment: Sire Malson at 630 IOA at just 4 years looks set to be high scoring at maturity. Dam 4237 is also Robert Hay's dam. Her sire Davidson is also the sire of Hunter (817 SCI @ 6yrs). This stag has big strong fronts and looks to have impressive tops coming.

Sale Day Wt:

Comment: Sire Apex is the sire of Robert Hay and Henry Wider (who we sold to Littledale at 3 years). Note Windsor (sire of Lord Haka) is on the bottom line. This stag has a wide flat head with droppers which will add to the trophy score. He has nicely placed front tynes. It's too early at selection to estimate tops.

Comment: Sire Fitzroy had an eye catching multi pointed antler, over 700 IOA at just 6 years. Dam sire 9265 was sold to Malcolm Cane as a 3 year old with a big wide heavy head. Note too Warlord (sire of Fig Jam) on the bottom line. This stag has a very even head. He's started nicely with a long beam and multi tops coming.

Sale Day Wt:

Comment: A big bodied Pure German with nice even fronts, long beam and wide, probably multi pointed tops but to early to tell points at selection.
 The only Pure German on offer in the sale.

Notes

WHEN YOUR ADVICE IS REALLY GOOD, EVERYONE LISTENS.

At FMG, we look after more rural New Zealanders than any other insurer. In fact, it's something we've been doing for 117 years now. So when it comes to offering specialist advice, like protecting deer sheds and farm buildings, we like to think we know what we're talking about. Ask around about us. Or better still call us directly on 0800 366 466.

We're here for the good of the country.
