# Conditions of Sale

## Venue

Foveran Deer Park sales complex, Foveran Deer Park, Haka Valley, Kurow, North Otago, 8kms from Kurow (will be signposted).

## Deer Inspection

Deer may be inspected in the paddock at any time prior to the sale by arrangement. On DAY OF SALE deer may be inspected from 12pm.

## DNA Identification

All Foveran master sires and our entire stud female breeding herd have now been DNA profiled (for confidence in the accuracy as to our breeding). All stock sold are DNA guaranteed.

## Insurance

Insurance facilities are available at the office. Insurance is the responsibility of the purchaser and any stock left on Foveran is strictly at the purchaser's risk.

## Vetted In-Calf Hinds

All adult hinds have been ultrasound pregnancy tested using a real time ultrasound scanner. Only confirmed pregnant hinds have been included in the sale. All testing was carried out by Dr Noel Beatson.

## TB Status

Our herd status continues to be a C10 classification.

## Conditions of Sale

The sale will be conducted by Rural Livestock Ltd with the conditions of sale as set down by the New Zealand Stock and Stations Agents Association, a copy of which is exhibited in the office on sale day.

Each lot becomes the purchaser's property and risk at the fall of the hammer.

Warranties and insurance are covered under separate headings.

## Conditions of Sale cont./ Guarantee

Terms are strictly cash unless prior arrangements are made with the auctioneers. Accounts not paid within 14 days of sale shall bear interest, at current rate per annum from the date of sale.

The sale is conducted exclusive of GST.

A buyers commission of 5% is payable to non-participating companies and recognised independent agents introducing and accompanying purchasers to the sale providing prior arrangements [no later than 24hrs prior to sale] are made with Rural Livestock Ltd.

Intending purchasers are required to register with the auctioneers prior to the commencement of the sale.

No animals, embryos or semen sold by Foveran Deer Park or their germplasm or any subsequent progeny or germplasm, including the semen and germplasm of that progeny, may be supplied to a third party without the written permission of the respective stud.

This condition does not affect normal commercial deer farming or stud farming or the normal sales of semen or embryos as it only applies to entities with the primary function of commercial semen/germplasm activities.

It is a condition of sale of any animals, embryos, germplasm or semen sold by Foveran Deer Park that the purchaser agrees to include the following clause as a condition of any subsequent sale or gift of any animal, embryo, semen, germplasm or subsequent progeny or germplasm to a third party—"the purchaser acknowledges that it will not supply any animals, embryos, semen or germplasm to any commercial semen/germplasm marketing or sales entity, and will ensure that this clause is inserted as a condition of any sale or gift of any animals, embryos, semen or germplasm."

# Foreword

## Dear Clients and Friends,

Welcome to our 36th Annual Elite Hind and Weaner sale. Queens Birthday marked my 30th year at the stud this year and over that time it still amazes me to see the genetic gains made here at the stud and throughout the industry. I have been lucky enough to be away in Europe for May & June and took the opportunity to visit both Warnham Park and Woburn Abbey, hence why our sale is a little later this year.

Our breeding program this year again features high scoring stags for trophy production as that is what our core business has always been. We try and target combinations we feel have the potential to produce future World Record trophy stags.

However this year we have also included a number of sires which have well placed lower tynes as we do harvest velvet from the stags we produce. There are also some combinations that favour velvet genetics specifically as we recognise the value in the velvet production currently.

A highlight for the stud this year has been Cane's performance. He was placed 2nd in the National 4 year Rising Stars Competition. His antler scores a massive 751 IOA with burrs and spread added. We collected semen from him this year and used a batch fresh for AI which achieved over 80% pregnancy and so we are able to offer a number of matings in this sale.

Also don't miss the couple of hinds mated to Agnew, a full brother to Nixon who scores 592 IOA at just 3 yrs – 77 inches more at the same age!

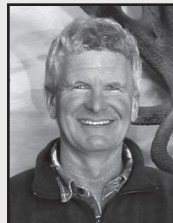

All hinds have been scanned by Dr Noel Beatson. There are no back up matings in the sale and we have noted on each how they were mated and given the approximate birth dates where we can. From what we know, you can expect a reasonably early fawning which should ensure a good weaning weight for the progeny from these hinds.

As always, we welcome any feedback and look forward to hearing from you in this regard. We look forward to catching up with you at the sale and wish you well with your purchases.

Kind regards,

Barry Gard, Deer Stud Manager, Foveran Deer Park

FOVERAN DEER PARK

# Mission Statement

## **Our motto    Breeding the difference**

a term that best describes our intention for our deer stud at Foveran.

*By continuing our intensive breeding programme in what we believe is the largest red deer stud in New Zealand, it is our intention to supply the NZ deer industry with the very best genetics for venison growth rates, velvet production, and also our fast growing high end trophy antler stags.*

**DBVs**    Venison growth rates. We continue to develop this major trait within our deer herd, with encouraging results. Our German herd for example, with Master sires such as Amadeus, Bonn, Wredeson Major & Red Baron leading the way, and some of our weaners at weaning in February topping out at 90kg. Yearling spikers to 155kg and 2 year olds to 253kg.

**Velvet**    By identifying specific lines of deer for velvet production, we are constantly improving the performance per animal to improve not only the production levels per animal but also the components of velvet conformation. As a result our velvet herd continues to grow with fast improving results.

**Trophy**    The fastest growing component of our deer industry at present. Foveran's commitment is to supply for ourselves high end trophies, but also to supply elite trophy genetics to the deer farming community. The continued improvement of our trophy herd is rewarding us with some massive red deer trophy antler heads with long tined heavy wide "wow" type configurations. Our German herd strategically crossed with European and English genetics has given us the opportunity to do that.

**Temperament**    We continually manage and evaluate the herd for this important trait.

# Schedule of Master Sires

# Cane

## 4yr son of McCaw

Cane

### BIGGER THAN HIS SIRE McCAW AT THE SAME AGE

**FOV 2471/12**

Cane

Age	Antler	IOA
2	HA 11.78kg	504 5/8 IOA
3	HA 15.5kg	641 IOA
4	HA 22.14kg	751 IOA

**COMMENT:** Cane has been bred here at Foveran. A son of the very heritable McCaw who has produced us so many top stags in previous sales. At 504 5/8 IOA, Cane was placed 4th in the National 2yr HA Competition. As a 3yr old he was placed 3rd in the 3yr section. This year Cane was place 2nd in the 4yr section of the Rising Stars competition with 751 IOA. His mass of antler is impressive and we expect him to continue to improve with age.

# Fitzroy

## 7yr Pure English

Fitzroy

Fitzroy

**Henry VIII**  
6yr 253kg  
HA 18.6kg  
IOA 619

**Henry James**  
214kg HH  
9.55kg @ 2yrs

**Charles Rupert**  
259kg HA 13.35kg

**SBP 87/95**

270kg  
HA 14.37kg  
IOA 531

**Duncan**  
Pure Warnham

**WNP 700/98**

**Lewis**  
HA 14kg IOA 482  
Sire of Charlie Mac

**PDS 18/01**

**PDS 68/96**

Age	Antler	IOA
3	HA 13.35kg 36pts	461
4	HA 51pts	552
5	HA 21.93kg	664 5/8
6	HA 23.28kg	690 2/8
7	HA 21.06kg	

**COMMENT:** Bred here at the stud, his sire Henry VIII has a sound reputation for leaving heavy beamed sons. Fitzroy's dam 9119 is a full sister to Prince Philip who was the SCI World Record sire for 2012. Her dam sire Lewis is also the sire of former SCI World Record sire Charlie Mac and Legend. With the sale of McCaw and Alexander this year and the introduction of new sires into the mob, Fitzroys antler growth was affected. We expect it to return to normal this coming season and so continue to use him in our breeding program.

Munro  
5yr son of Fig Jam

Munro

Munro

**Fig Jam**  
800+ IOA to be confirmed

**Warlord**  
IOA 573 @ 5yrs  
HA 16.36kg @ 4yrs

**Adonis**  
Former SCI #1

**Adonis**  
Former SCI # 1

TOW 213/00

Age	Antler	IOA
3		515
4	Damaged	
5	HA 16.5kg	619 4/8

**COMMENT:** Sired by Fig Jam who has been scored in excess of 800 IOA and with an antler structure typical of his breeding, Munro has an antler structure with the "wow" factor. His dam sire Discombe was a National 2yr HA Champ. He matured at 652 SCI with a 62 inch spread which looks to have been inherited by this young sire. Munro has recovered well as expected after damaging his antlers last year. He grew an impressive 619 IOA this year earning him a place in our breeding program.

# McCaw

## 7yr Son of Odysseus

McCaw

**2ND 3YR HA COMP  
& PEOPLE'S CHOICE  
2013 RISING STARS,  
IOA 568 @ 3YRS**

McCaw

**Odysseus**  
702 IOA

**Y 142**  
Full sister to Kane

Chancellor Peel

J.R. 294

Dam 344

Woburn 80

Dam 62

Age	Live weight	Antler / IOA
3	240kg	HA 12.05kg stripped IOA 568
4		HA 14.08kg 512 IOA 56pts
5	285kg	HA 16.57kg 570 IOA, 54pts
6		17.02kg 60pts 601 IOA
7	300+kg	20.37kg 692 IOA

**COMMENT:** McCaw has a solid reputation now for producing some excellent sons as we have seen offered in our past sales. He is also the sire of our new sire Cane (504 IOA at just 2yrs) who we expect to feature heavily in future breeding programmes. McCaw was sold this year as an 8yr old to Mt Cecil for \$50,000.

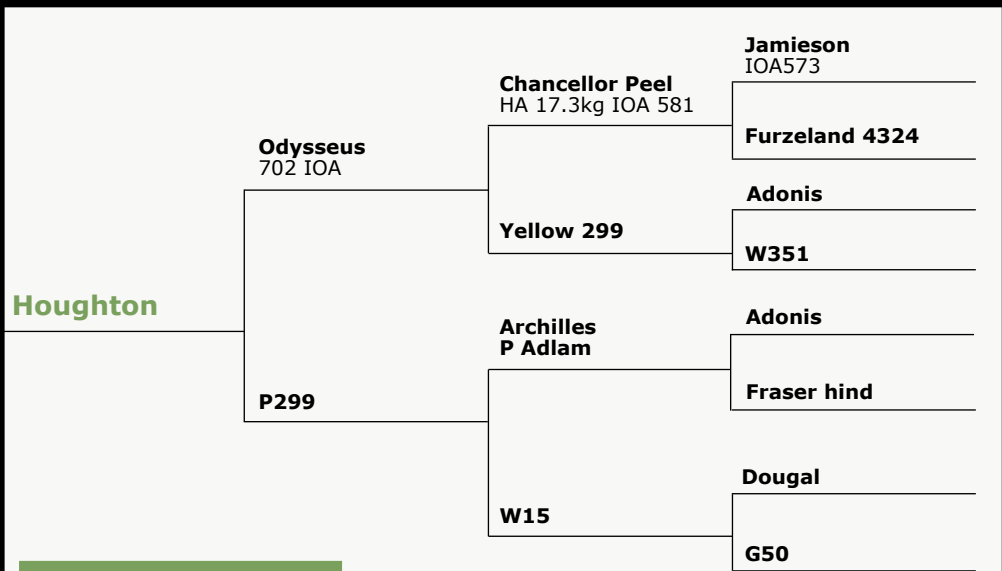

# Houghton

(Pronounced How-ton), 5yr Son of Odysseus

Houghton

Age	Antler	IOA
3	13.05kg 16 x 16 pts	447 5/8 <sup>ths</sup>
4	HA 12.72kg 42pts	485
5		496

**COMMENT:** Purchased from Malcolm Cane for \$43,000. He was one of an impressive line up of Odysseus sons on offer. He has a heavy clean beam with big tops and an impressive spread. We have used Houghton in our ET programmes and also in our stud breeding programme. Houghton continues to leave us impressive progeny.

Hunter

5yr son of Davidson. Owned byMalcom Cane

Hunter

Leo  
400+ Trophy

Harley

BLT 1/20

Davidson

BFL 1/99

CAN 299/02

CAN 15/01

Dougal

CAN 50/99

Hunter

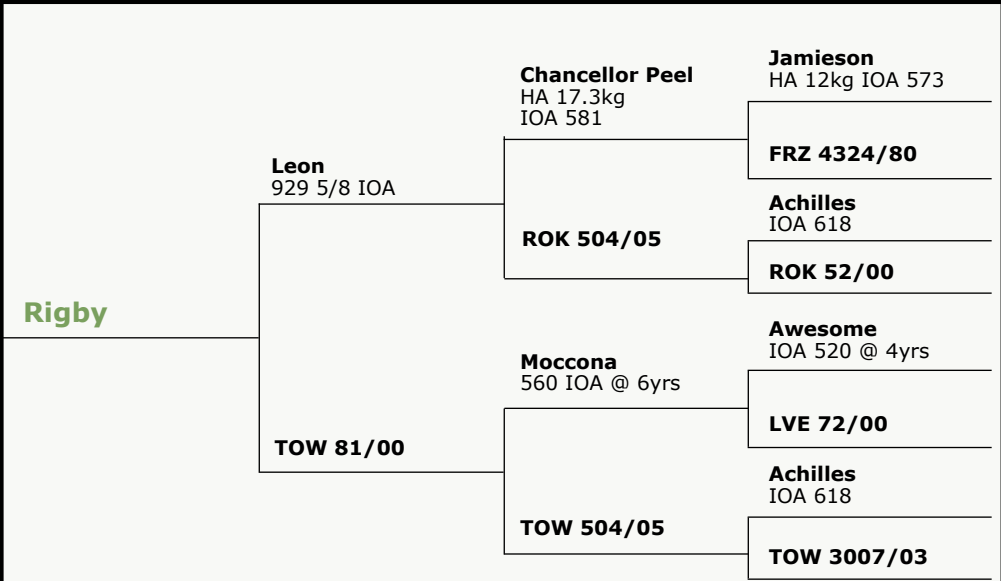

Age	Antler	IOA
5		802

**COMMENT:** With an estimated 48 – 50 points at 3 years he is an impressive trophy sire and would be hard to beat at 802 IOA at just 5 years. We know his pedigree is solid with Davidson as his sire, and his dam is also the dam of Houghton.

**Rigby**  
**4yr son of Leon. Owned by Mt Cecil**

Rigby

Age	Antler	IOA
3		600 2/8 IOA
4		706

**COMMENT:** Rigby was the highest priced stag sold at auction this past selling season at \$138,000. He is a son of Leon, the highest scoring stag in the industry by a country mile. Rigby has good length brow, bez and trez tynes and totals 57 points. Rigby is a National 3yr HA Champion.

# Hudrock

Owned jointly by Brock Deer and Don & Kelly Hudson

**Hansen**  
583 IOA @ 4yrs

**Jonis**

**ROK 52/00**

**Lincoln**  
611 IOA @ 4yrs

**Adonis**

**ROK 239/00**

**Pink 52**

**Mr Peel**

Full brother to  
Chancellor Peel

**Jamieson**  
HA 12kg IOA 573

**FRZ 4324/80**

**CRW 1016/10**

**CRW 842/08**

Hudrock

Age	Antler	IOA
3		590

**COMMENT:** Hudrock has an impressive IOA score plus a massive bodyweight and a great temperament. He also has a very heavy velvet head with well placed bottom tynes which encouraged us to use him in our breeding program this year.

**5yr son of Nixon. Owned by Malcolm Cane**

Apex

## Apex

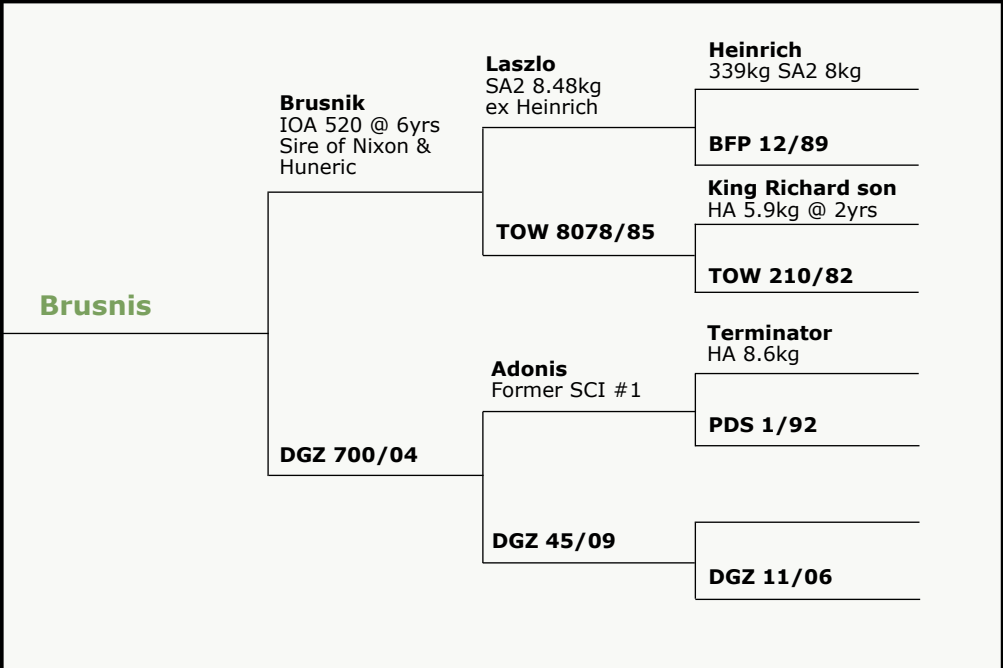

**CRW 05/595**

Age	Antler	IOA
3		520
4		657
5		708

**COMMENT:** Apex is a stand out son of Nixon. As you can see by his photo and score he is an impressive sire. We are confident his progeny will be exciting.

# Brusnis

10yr son of Brusnik. Owned by Mt Cecil

Age	Antler	IOA
10		710

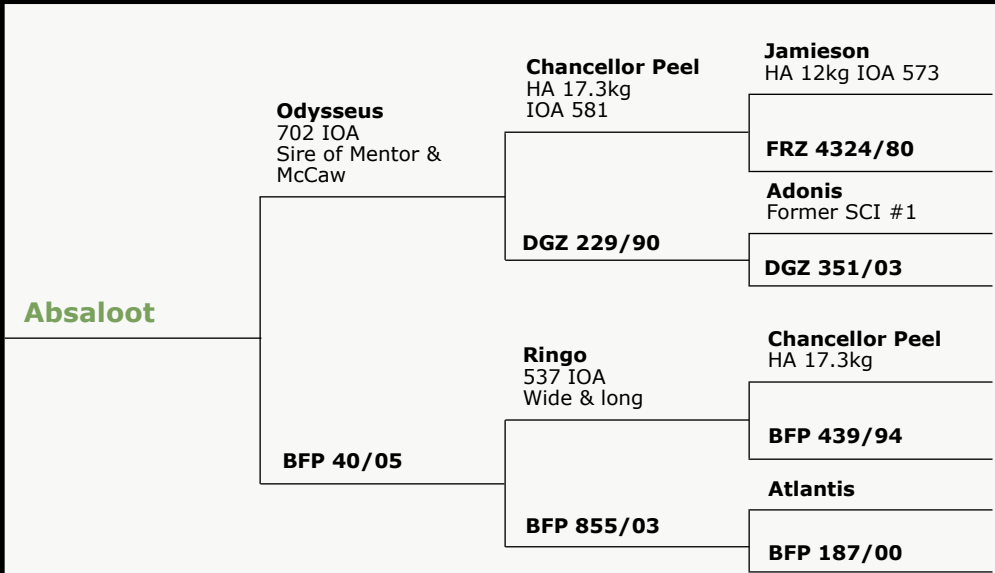

**COMMENT:** Brusnis has an antler that still has the eye catching wow factor and we have included him in our breeding programme for this reason. His dam sire Adonis has featured in many top industry sire pedigrees as has his sire Brusnik. Tremendous heritability and we look forward to his progeny.

# Absaloot

9yr son of Odysseus. Owned by Gary Herbert

Absaloot

Age	Antler	IOA
9		580

**COMMENT:** Although not hugely high scoring by today's standards, we were impressed by the wow factor antler that he has inherited from his sire Odysseus and dam sire Ringo. Ringo was taken as a trophy here at Foveran and we were all impressed by his antler style at the time.

Malson

4yr old son of Malibu. Owned by Gary Herbert

Malson

Malibu  
675 IOA @ 6yrs

Odysseus  
702 IOA

Dog Bones

CAN 61/07

CAN 35/05

Age	Antler	IOA
3	est. 55-65 points	
4		630

**COMMENT:** Malson was sold as Lot 10 at Cane’s 2016 stag sale. He was the highest priced stag at the sale and was estimated to have between 55 and 65 points at the time. This year his antler is over 50 points with a structure that is not too outrageous and so we expect his progeny to have the “wow” factor.

# Embryos

The due dates for the birth of these embryos is the 5th and 6th November.

**TOW 592/05**

**Comment:** We have included Brusnis in our breeding program again this year as we believe his antler structure is what we are looking to produce in our trophy stags. He has great tyne placement in his lowers with a heavy beam making for a dual purpose sire. His fully grown out antler certainly has the wow factor. Dam sire Bandit will add to the trophy potential in the genetics. Remember too that Discombe has a well structured head of antler and all sires in the mix are high scoring.

Adidas

**Comment:** Super star Cane is the sire of this embryo. He was placed 2nd in the National 4yr HA Competition this year with an outstanding 751 IOA at just 4yrs of age. An impressive young sire who we believe is well matched to Adidas. Note too top all round Amadeus in the bottom line. We expect high scoring progeny at maturity with the "wow" factor from this mix.

 IOA 584 60 pts
**SCR 1/10**

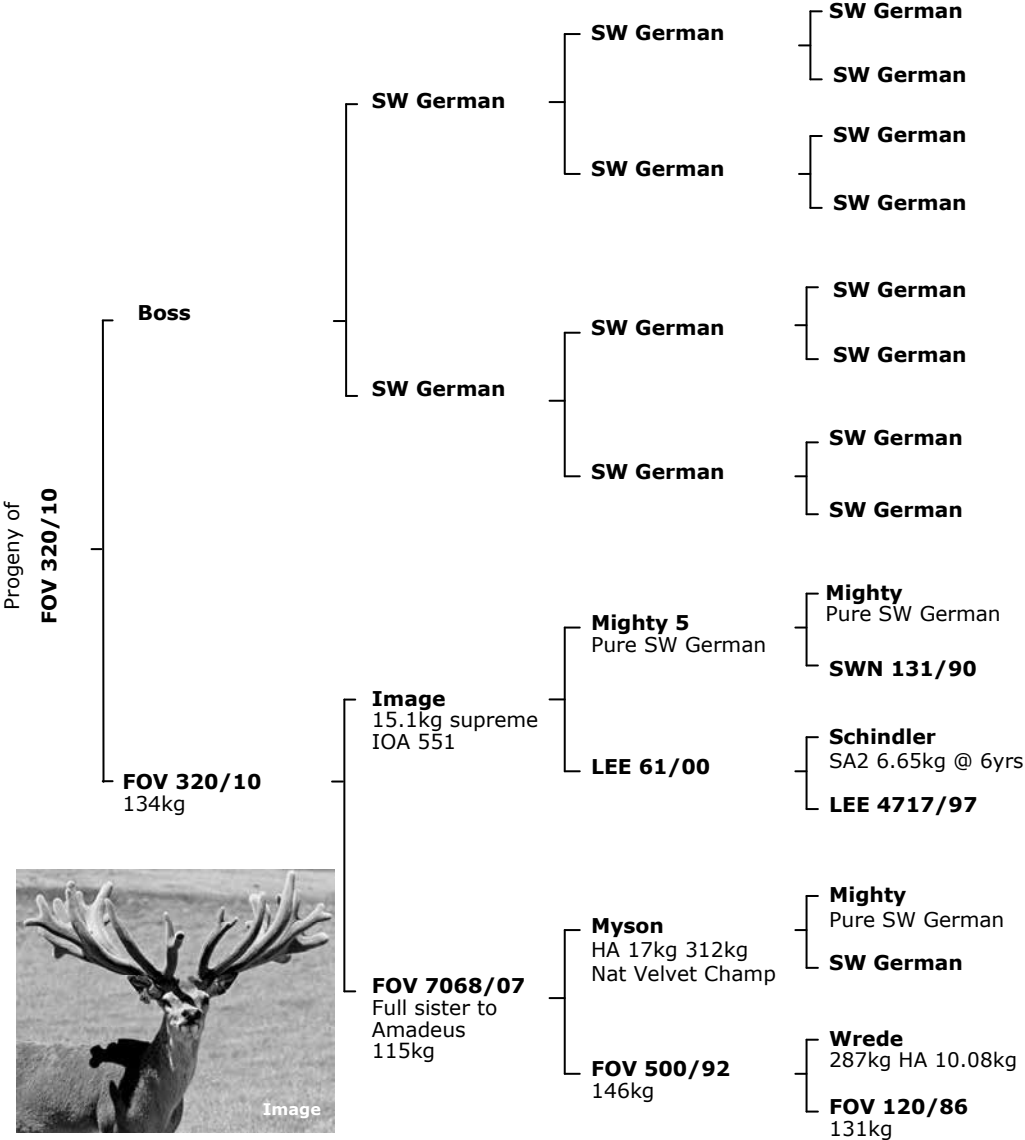

**Comment:** Sire of this embryo is Hudrock. A great dual purpose sire, he is high scoring but also has a nicely shaped heavy beamed antler suitable for velvetting. Dam sire Fitzroy has an extremely heavy head at 23.28kg HA with a very thick beam. We are looking forward to heavy beamed trophy antler form this mix which will produce heavy velvet culminating in a high residual value at maturity as a trophy.

Lot 8: Pure Boss Embryo  
Recip tag: 2323

8

P 29

Price: \_\_\_\_\_  
Purchaser: \_\_\_\_\_

**Comment:** This embryo is Pure German. Top velvet stats from both sides of the pedigree with Bob Swan's Boss as the sire. Over heavy beamed Image and National Velvet champ Myson sire of Amadeus) on the bottom line. We recommend this mix for both velvet and trophy. There are not many opportunities to secure these Pure German genetics. This embryo comes with a free straw of Amadeus semen.

Weaning Wt: 50 kg 22/2/19    Recent Wt: 69kg 7/7/19

Sale Day Wt:

**Comment:** Sire Malson is a top performing son of Malibu. He was the highest price stag sold by Malcolm Cane in 2016. Dam sire Fitzroy has an extremely long and wide antler structure. And with Gregor on the bottom line we expect these genetics will produce great antler structure with the "wow" factor.

# Mixed Aged Hinds

## Mated with Sexed Semen

Please Note: We have noted on each lot how each mating has occurred so that we can give you an estimated birth date for the resultant progeny:

Sexed semen AI and AI matings have a scanned due date around the 15th November.

Natural matings in this sale all occurred early this year. Fawns from the Natural matings in the catalogue will be born between the 3rd November and the 8th of December.

There are NO BACK UP matings to AI or ET in this sale.

Orlando

**Comment:** Sire Orlando was impressive at 668 IOA at just 4yrs. He was placed 3rd in the National 3yr HA competition in 2016. We are very impressed with his multi pointed spikers this year. One of his 30 point spikers was scored at the Rising Star's competition at 357 5/8 IOA excluding burrs and spread! Dam sire McCaw is the sire of Cane (751 IOA at just 4yrs). Vetted in calf to Fitzroy using sexed semen, we expect this male progeny to be impressive.

Houghton

**Comment:** Sire Houghton has the ability to produce eye catching progeny. Often we see animals we like coming through the yards and it is not unusual to find they are Houghton progeny. Note his dam is also the dam of Hunter (new SCI World Record at 817 1/8 SCI). Dam sire Davidson is also the sire of Hunter so this hinds performance is well documented. Vetted in calf to Fitzroy with sexed semen, we look forward to the male progeny.

**TOW 464/04**

**Comment:** We know Houghton throws eye catching progeny. A trait he inherits from his sire Odysseus. Note his dam is also the dam of new SCI world record, Hunter (817 1/8 SCI score). Dam sire Woody was also a former SCI world record. His round antlered main beam we found to be very heritable. Vetted in calf to Fitzroy with his long wide, heavy eye catching antler, using sexed male semen.

Henry James

**Comment:** Sire Henry James held the record for 2yr antler weight at the time. Heavy beamed antler was also inherited by his son Henry VIII and that has also passed down to Fitzroy. A very heritable line. Dam sire Morpheus was National 3yr HA Champion and he shares his sire Scipio, with Gregor. Vetted in calf to Munro who has an antler style very similar to his sire Fig Jam. Please note the progeny from this hind is probably male.

Gregor

**Comment:** Sire Gregor had an eye catching antler style which is sought after by the hunting fraternity. He also had the advantage of heavy beamed antler. Dam sire Amadeus, our top all round sire for both antler and bodyweight. Vetted in calf to our new super sire Cane (751 IOA at just 4yrs) by AI, remember the progeny from this mix will be born relatively early.

Fitzroy

**Comment:** Sire Fitzroy comes from a long line of heavy beamed antlered sires going all the way back to Henry James who held the 2yr industry record at the time. Fitzroy's long wide and heavy antler makes him an ideal sire for producing trophy antlers but he also has the ability to leave heavy beamed antler suitable for velveting along the way. Dam sire Windsor is the sire of Lord Haka. Vetted in calf to Cane can only add value to the mix. Expect a relatively early fawn.

603 IOA  
**CAN 185/00**

**Comment:** Sire Faulty Towers has featured several times in past stag sales. Dam sire Odysseus is also the sire of McCaw, Houghton and many other top industry sires. Note too the very heritable Kane on the bottom line. Vetted in calf to Cane at 751 IOA at just 4yrs, the resultant progeny will surely impress. This AI mating means a relatively early fawn.

Amadeus

**Comment:** Sire Amadeus was a top all round sire. Well in excess of 300kg and antlers with the "wow" factor, his heritability is now well documented. Dam sire Woody is a former SCI World record. His round beamed antler a very heritable trait. Vetted in calf by AI to the impressive Cane to ensure an early fawn, this progeny will have a great future.

Amadeus

**Comment:** Sire of this well bred Pure German hind is Amadeus. At over 300kg and antlers with the "wow" factor, he was a top performing all round sire. His sire Myson was a National Velvet champ. Dam sire Image had an impressive 15.1kg of supreme velvet. These heavy beamed antler genetics will be further enhanced by Fitzroy. Expect a relatively early male fawn which will augur well for his future.

Faulty Towers

**Comment:** Sire Faulty Towers at 558 IOA at 4yrs was impressive. He has produced a number of great stags offered at previous stag sales and this hind is among some of his best progeny. Dam sire Broadband is from the very heritable Chancellor Peel who has sired many top industry sires including Odysseus and Salvador. Vetted in calf to the impressive Cane at 751 IOA at just 4yrs, this relatively early born progeny will be off to a great start.

**FOV 6346/06**

**Comment:** Sire Houghton continues to impress us with his progeny. It is not uncommon for us to be looking up deer that catch our eye in the shed, to find that Houghton is the sire. This hind is no exception. His dam 299 is also the dam of new world record Hunter (817 1/8 SCI). Dam sire Amadeus was a top all round sire for both bodyweight and antler and very heritable. Vetted in calf to Fitzroy with his long wide, heavy eye catching antler, this male progeny has a great future.
