# Conditions of Sale

## Venue

Foveran Deer Park sales complex, Foveran Deer Park, Haka Valley, Kurow, North Otago, 8km from Kurow (will be signposted).

## Deer Inspection

Deer may be inspected in the paddock at any time prior to the sale by arrangement. On DAY OF SALE deer may be inspected from 12 noon.

## DNA Identification

All Foveran master sires and our entire stud female breeding herd have now been DNA profiled (for confidence in the accuracy as to our breeding).

## Insurance

Insurance facilities are available at the office. Insurance is the responsibility of the purchaser and any stock left on Foveran is strictly at the purchaser's risk.

## Conditions of Sale

The sale will be conducted by PGG Wrightson with the conditions of sale as set down by the New Zealand Stock and Stations Agents Association, a copy of which is exhibited in the office on sale day.

Each lot becomes the purchaser's property and risk at the fall of the hammer.

Warranties and Insurance are covered under separate headings.

Terms are strictly cash unless prior arrangements are made with the auctioneers. Accounts not paid within 14 days of sale shall bear interest, at current rate per annum from the date of sale.

The sale is conducted exclusive of GST.

A buyers commission of 5% is payable to non-participating companies and recognised independent agents introducing and accompanying purchasers to the sale providing prior arrangements [no later than 24hrs prior to sale] are made with PGG Wrightson.

Intending purchasers are required to register with the auctioneers prior to the commencement of the sale.

## TB Status

Our herd status continues to be a C10 classification.

FOVERAN DEER PARK

# Conditions of Sale cont./ Guarantee

## **Johnes tested**

All sale deer have been Johnes tested clear.

No animals, embryos or semen sold by Foveran Deer Park or their germplasm or any subsequent progeny or germplasm, including the semen and germplasm of that progeny, may be supplied to a third party without the written permission of Foveran Deer Park.

This condition does not affect normal commercial deer farming or stud farming or the normal sales of semen or embryos as it only applies to entities with the primary function of commercial semen/germplasm activities.

It is a condition of sale of any animals, embryos, germplasm or semen sold by Foveran Deer Park that the purchaser agrees to include the following clause as a condition of any subsequent sale or gift of any animal, embryo, semen, germplasm or subsequent progeny or germplasm to a third party—"the purchaser acknowledges that it will not supply any animals, embryos, semen or germplasm to any commercial semen/germplasm marketing or sales entity, and will ensure that this clause is inserted as a condition of any sale or gift of any animals, embryos, semen or germplasm."

## **Guarantee**

All sale stags are guaranteed in terms of their genetic performance and temperament through DNA profiling. This does not include sickness or injury. All deer in this sale are tested for Johnes and are deemed sound for use as a sire stag. Any stag that does not meet the standards mentioned above will be replaced or a full credit given to use at a subsequent Foveran Deer Park Sale.

## **Disclaimer**

Number of antler points – owing to the lateness of stags this year at the time of selection, we have estimated the number of points we expect to see at the time of sale. Please note these are estimates only and we give no guarantee as to the actual number of points on sale day.

# Foreword

**Dear Clients and Friends,**

**Welcome to our 29th Annual Elite Sire Stag Sale.**

We continue to bring together the best genetics the industry has to offer in our breeding programme in an effort to breed the ultimate all round stags. We continue to be amazed at what is coming through and we know that you will be impressed.

This year we have decided to have two sales. Our Elite Sire Stag Sale which includes animals with the very best genetics the industry has to offer and this sale will also include some spikers and a selection of yearling hinds from our latest breeding programme.

In addition we are having a Commercial Sire and Trophy Stag Sale which includes some older stags which can mate larger numbers of hinds. These stags' genetics are what we have built our herd on, and although they may not be considered as Elite in our herd, you will see that they are also impressive and will make a worthy contribution to your herd. These stags have been specifically bred for trophy and velvet antler with heavy beams and multi-pointed tops that will also impress.

We are offering helicopter transport to and from our sale this year. We had great feedback from this two years ago and have decided to do it again. We are improving this concept to include pick ups from Christchurch, Ashburton, Timaru, Wanaka, Dunedin, Balclutha and Gore. We are endeavouring to ring as many of you as we can. If by any chance we have missed calling you, please give us a ring if you would like a seat to the sale.

We will be offering a meal and drinks between the sales, so we encourage you to make a day of it. We hope that you can join us and look forward to catching up at the sale.

We wish you all the best with your purchases and look forward to hearing back from you regarding their progress.

Kind regards,

Bob Robertson  
Owner  
Foveran Deer Park

**FOVERAN DEER PARK**

# Mission Statement

## **Our motto    Breeding the difference**

a term that best describes our intention for our deer stud at Foveran.

*By continuing our intensive breeding programme in what we believe is the largest red deer stud in New Zealand, it is our intention to supply the NZ deer industry with the very best genetics for venison growth rates, velvet production, and also our fast growing high end trophy antler stags.*

**DBVs**    Venison growth rates. We continue to develop this major trait within our deer herd, with encouraging results. Our German herd for example, with Master sires such as Amadeus, Bonn, Wredeson Major & Red Baron leading the way, and some of our weaners at weaning in February topping out at 90kg. Yearling spikers to 155kg and 2 year olds to 253kg.

**Velvet**    By identifying specific lines of deer for velvet production, we are constantly improving the performance per animal to improve not only the production levels per animal but also the components of velvet conformation. As a result our velvet herd continues to grow with fast improving results.

**Trophy**    The fastest growing component of our deer industry at present. Foveran's commitment is to supply for ourselves high end trophies, but also to supply elite trophy genetics to the deer farming community. The continued improvement of our trophy herd is rewarding us with some massive red deer trophy antler heads with long tined heavy wide "wow" type configurations. Our German herd strategically crossed with European and English genetics has given us the opportunity to do that.

**Temperament**    We continually manage and evaluate the herd for this important trait.

# Background History

## Glaadt Park Herd

**Our commitment to the deer industry started way back in the early 1980s with the introduction of an Elk herd. Alongside that we imported the famed Schulte Wrede herd from Glaadt Park, Germany. This herd was made up of the top bloodlines throughout Germany and concentrated on Glaadt Park.**

The balance of the Glaadt Park herd was eventually purchased, and after farming them in England for a short time we then imported them into New Zealand. The herd was culled, dissected and managed for two main genetic traits—antler formation and body weight. Some of the earlier stag weights were enormous with stags in the 300-350kg range. Antler formation was similar to the style and conformation of their forebears.

Since the herd arrived in New Zealand performance has improved and with the same breed influences of Red Baron, Myson, Munich and Image, an accelerated effect is becoming prevalent. To date our top line weaner stags are topping 90+kg at the end of March and our weaner hinds at 83+kg at the same time. Antler performance is also showing through with 8-12kg Hard Horn heads at 2 years old becoming the norm.

One of our top performing master sires Wredeson Major, a direct descendant from Wrede, is a perfect example of our genetic improvement. He weighed in at 303kg at 3 years with a 40 point, 10.2kg head at 405 SCI. That body weight would rate as one of the heaviest 3 year red deer weights anywhere in the world. The important point here though, is this stag has all three traits: record live weight, huge antler and superb temperament.

On top of that, the following year we produced "Amadeus", an amazing animal with the biggest antler structure for a 2 year old the world has ever seen, clocking in at an incredible SCI score of 427, bodyweight of 218kg and a record 10.43kg HA. They are certainly powerful and heritable genetics.

We expect with continual management using DNA and hind indexing, that this herd will continue to grow and show that this is an exceptional herd of deer.

# Background History

## Warnham/Woburn Herds

**The two main strains of English deer that make up our herd at Foveran are from Warnham and Woburn bloodlines.**

The Warnham herd, owned by the Lucas family, has had a strong influence in the deer introduced into New Zealand. For instance the Poulter herd, introduced in the early 1900s at the Waimakariri, consistently grew big palmated multi-point heads and latterly introduced into New Zealand for farming in the late 1980s. They have proven themselves time and time again with record heads and velvet weights. An example would be William John, unquestionably one of the best Warnhams ever produced, with a record antler of 532 SCI at 5 years with 68.5" outside spread. And the following year he had a huge head of 19.2kg Hard Horn and 552 SCI est. On top of that is Mountbatten (Hercules x Duncan, Sire of Prince Philip), one of the most highly regarded Warnham stags in the country, and of course "Sovereign."

The Woburn Abbey herd has also influenced our subsequent deer herds around New Zealand with genetics such as Russell, Harvey, Kane, Hector, Bradford, Lord T and Berry End; and others too numerous to mention but equally important. Hector last year scored 623 SCI which firmly cements him as one of the leading trophy sires in the industry.

The crossing of the lines over traditional German and Eastern bases have left new antler records all over the country. The importance of these English introductions to our now famed German herds cements this. Their multi-point antlers are very heritable and show what a strong genetic strain of deer they are.

3	260kg	damaged	
4	292kg	13.36kg HA	488 7/8
5	308kg	15.3kg HA	560 5/8
6	318kg	15.5kg HA stripped	604 7/8

**COMMENT:** Amadeus, truly the most amazing 2 year stag ever produced. His record breaking huge wide expansive, heavy beamed head of 31 points and 427 IOA, with a huge bodyweight of 260kg at just 3 years is unbelievable. His exceptional 6 year antler takes pride of place in our trophy room. At 604 IOA he really does have the "wow" factor. The Wrede bloodlines are proven with such sires as Wredeson, Wredeson II, Wredeson Major, and now Amadeus. Proven genetics!! Amadeus is now producing some of our best younger stags including Sebastian.

6	15.10kg Supreme Velvet	
7	13.1kg HA cut July	490 6/8
8		551
9	13.45 HA cut July	502

**COMMENT:** We are very excited about this new addition to our German herd with his hugely thick impressive beamed velvet. Image will not only produce great velvet stags but also thick heavy beamed antler which is highly sought after by European hunters. Image was third in the South Canterbury Maiden competition. A very attractive trophy head at 551 IOA and again the antler weight cut in July is considerably less than what it would have been pre rut. Image produces some of our best spiker antlers.

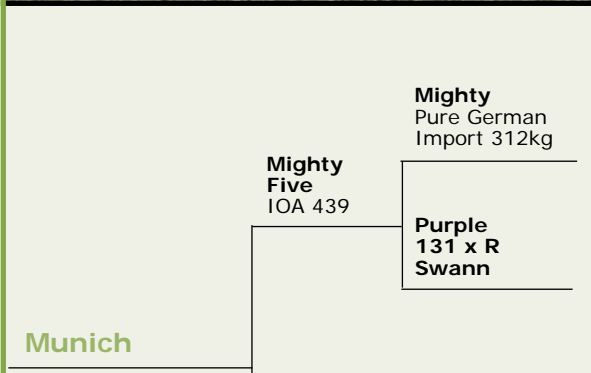

# Munich

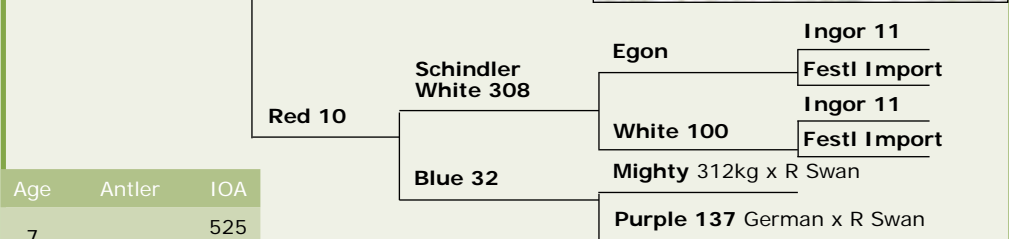

Pure German

Munich

Mighty Five

Age	Antler	IOA
7		525 IOA
8	16.75kg Supreme Velvet	
9	13.2kg HA cut July	563 5/8
10	13.1kg HA cut July	521

**COMMENT:**  
Top credentials at 16.75kg supreme velvet at 8 years. Again the thickness of beam will promote thick heavy antler which is highly sought after by European hunters.  
We grew his head out last year and he scored a massive 563 5/8 IOA. His antlers remained on his head until July before cutting 13.2kg HA. This weight is considerably less than what they would have been if cut pre rut as with our other sires.

10	333kg	18.2kg HA	472
11	307kg	15.2kg HA	498
12	300kg	8.1kg SA2	

**COMMENT:** Red Baron has now cemented his bloodlines into our Pure German herd with very pleasing results. His progeny are showing huge growth rates and his antler heritability is now shining through. We have numerous multi point spikers from him and his 2 year sons are looking really impressive. His progeny are showing heavy beamed, multi point antlers, proving his heritability. We intend to retire him this year at the great age of 15.

# Wredeson

Pure Schulte Wrede German Sire (Glaadt Park)

9	302kg	12.1kg HA	480
10	292kg	11.8kg HA	484
11	281kg	13.42kg HA	478

**COMMENT:** This guy has been our flagship for many years now, and still rates highly beside imports such as Red Baron and Myson. Wredeson's claim to fame is his high heritability factor. For example, Wredeson II and now Wredeson Major—the heaviest ever 2 year old Pure German at 243kg with a 34 point head of antler. Wredeson continues to impress with his own credentials and will carry on exhibiting his genetic traits in many generations to come with his progeny. He is now deceased, but has left a massive legacy in our herd and we will continue to use his genetic influence in our herd.

6	332kg	15.52kg HA 45pts	472
7	338kg	14.1kg HA cut July	458

**COMMENT:** This guy has to be the epitome of the perfect stag with all three traits i.e. heaviest Pure German 2 year old ever produced at a massive 243kg, a 7.8kg HA head of 34 points with a 350 SCI score (3rd in National HA 2 year competition) and most importantly excellent temperament. At 3 years his liveweight at 303kg is massive and ranks him right up there in the top of any Red deer produced in NZ with 40 points and 407 SCI. Currently one of our heaviest German master sires at 338kg with 15.52kg HA. Plus red hot potency!

# Henry VIII

5	253kg	HA 15.98kg	509 1/8
6	253kg	HA 18.6kg	619

**COMMENT:** Purchased from Westbush Deer Stud, Henry VIII is a son of our own Henry James. He has an impressive heavy set of antlers typical of many of Henry James' sons. At 18.6kg of stripped Hard Antler, he grew one of our heaviest antlers this year. He was the most impressive 3 year old sire offered for sale that year. We were so impressed with him we couldn't resist purchasing these genetics back for our own herd. He is a major player in our breeding programme and at 619 IOA at just 6yrs, the offering in this catalogue represents a great opportunity to secure some progeny from this future industry great.

# Prince Philip

5	242kg	13.67kg HA	544 2/8
6	243kg	16.4kg HA stripped	625 5/8

**COMMENT:** We are very excited about Prince Philip's progress to date. His breeding is impeccable – a Mountbatten/Lewis combination that produced our 30 point spiker and also Lot 51 at our 2007 stag sale sold to Alan Stewart for \$35,000 with 9.75 HH as cut after the sale. Prince Philip broke his jaw as a 2yr old and we would like to acknowledge Noel Beatson for his part in his speedy recovery. At 625 IOA at just 6yrs, this is an impressive sire. His young stag progeny have consistently shown great spikes and antler.

# Hector

Woburn Abbey

Age	IOA
4	466
5	535
6	611
7	623
8	NA
9	603 4/8

**COMMENT:** Hector, a full brother of Kane—purchased for \$100,000 off Sarnia Park, has very good heritability anchored against very solid genetics in his background i.e. Harvey and the famous Woburn 80. His massive multi point head of 535 IOA at just 5 years was awesome. He is used extensively over our Germans to enhance trophy genetics within our herd. His 57 point head remains impressive. This year he has developed hugely strong outrigger tines with the remainder of the antler structure intact and so we look forward with interest to see what happens next! An impressive Woburn sire.

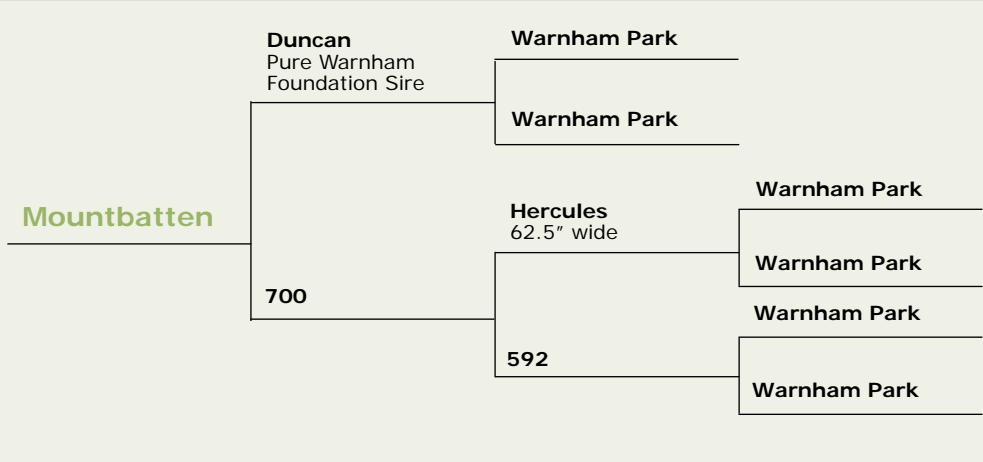

# Mountbatten

## Pure Warnham Sire

Mountbatten

Photo taken at 7 years

Age	Live weight	Antler HA	IOA
2	208kg	8.9kg	365
3	208kg	9.4kg	365
4	231kg	13.2kg	443
5	241kg	14.37kg	511
6	241kg	14.365kg	489 (frost damaged)
7	253kg	13.56kg	531
8	246kg	13.36kg	517

**COMMENT:** Purchased from Stanfield Park for \$95,000. Sadly we lost Mountbatten during the rut two years ago. By a stroke of luck he served his donor hinds and so his legacy will continue in our herd for some time yet. He was a magnificent sire in his own right and one of the most heritable to date.

His heritable antler factor is second to none with many huge spiker and 2 year heads in our herd. Another 2 year son has an incredible antler weight of 11.86kg with 371 IOA score. A new record for antler weight for age, breaking the previous record by over 2.2kg. Also sire of our master sire Prince Philip.

**Odylia**  
153kg

**COMMENT:** Purchased at Stanfield in 2002 for \$56,000. Top shelf genetics here. Charles Rupert over a full sister to Clive cutting 6.5kg at 3 years. Also note that Hotspur's dam features (Hotspur is an industry record 8.3kg SA2 at 4 years). As you can see from the photo, this young stag had a very impressive antler and bodyweight at 214kg and 9.55kg HA at just 2 years. A Wredeson daughter vetted in-calf to Henry James is a NZ record for a pure hind at \$15,000 sold to Pelorus Deer Stud. This guy was the heaviest velvet weight for age ever offered for sale until a son of his, Lot 2 of our sire sale in 2005, cut 9.61kg. A huge mansion of antlers purchased by George and Laura Williams of Te Awamutu. We are extremely fortunate to now have a son, Henry VIII, in our master sire line up to continue on these genetics.

5	284kg	16.08kg HA	532
6	285kg	19.2kg HA	552 est
7	241kg	17.2kg HA frost damaged	512
8	282kg	37pts	542

**COMMENT:** Purchased at Stanfield in 2002 for \$74,000. He has to be rated the best Warnham ever produced with his huge wide head of 19.2kg antler scoring an est. 552 IOA at 6 years. We have some excellent sons—both Pure English and English German cross coming through with huge antler specs. One of his spikers has an enormous rack at 31 points with thick heavy mass. Another 2 year son features with Deer Genetics called JRDG, crossed with Adonis. A huge beautifully correct head of antler. His outside span is 68.5 inches and must also be close to a record in the industry. His huge mansion of antler has what we term the “wow” factor and this is becoming increasingly important in the trophy industry, a prerequisite for the discerning hunter.

# Archibald

## Pure Warnham/Woburn 7 Year Sire

Archibald

Archibald

**Lewis**  
HA 14kg 482 SCI

**Russell**  
HA 14.2kg 42pts

Age	Live weight	Antler	IOA
3	261kg	16.1kg HH	
4	278kg	7.3kg SA2 (damaged)	
5	300kg	16.37kg HA	445
6	302kg	16.83kg HA	508 2/8

**COMMENT:** Archibald, purchased by Foveran from Dave and Mac Bryant, confirms our commitment to purchase the very best English genetics available. This guy's antlers are enormous with a very thick beam and strong long heavy tines. This combination is heritable, cemented by 96079 (Bentley's dam) & will undoubtedly pass on with our specially selected females to enhance these already huge antler stats, to his progeny. Sire of lot 1 in last year's stag sale with the new World Record HH weight of 12.53kg at just 2yrs (sold to John Hunter) confirming the heritability of his heavy beamed antler genetics. His stag progeny will be highly prized by the European hunter fraternity.

# Jonesy

4	256kg	HA 13.06kg	457 5/8
5	273kg	HA 14kg stripped	502

**COMMENT:** Apollo has been strategically bred for big royals on a wide spread, with good body and temperament and we have got the lot! An exceptional trophy mix in his pedigree. Also interesting to note that grand dam 1003's brother 'Little Rock' had an IOA score slightly ahead of Salvador at 2 years. Great grand dam 3068 is the mega dam at Pelorus Deer stud for trophy genetics. 5th in the 2009 rising stars HA competition, and with 2 other full brothers in the Top 5, this confirms the heritability we can expect from this rising star. Apollo is impressive this year with his best head yet.

Fov Windsor  
4 Year Son of Warlord

Fov Windsor

Fov Windsor

Marko – Previous IOA  
World Record hunted  
at Foveran

5014 Odin/Zac

Heathrow 530 IOA,  
Baron, 3 x HA Champ

367 Baron

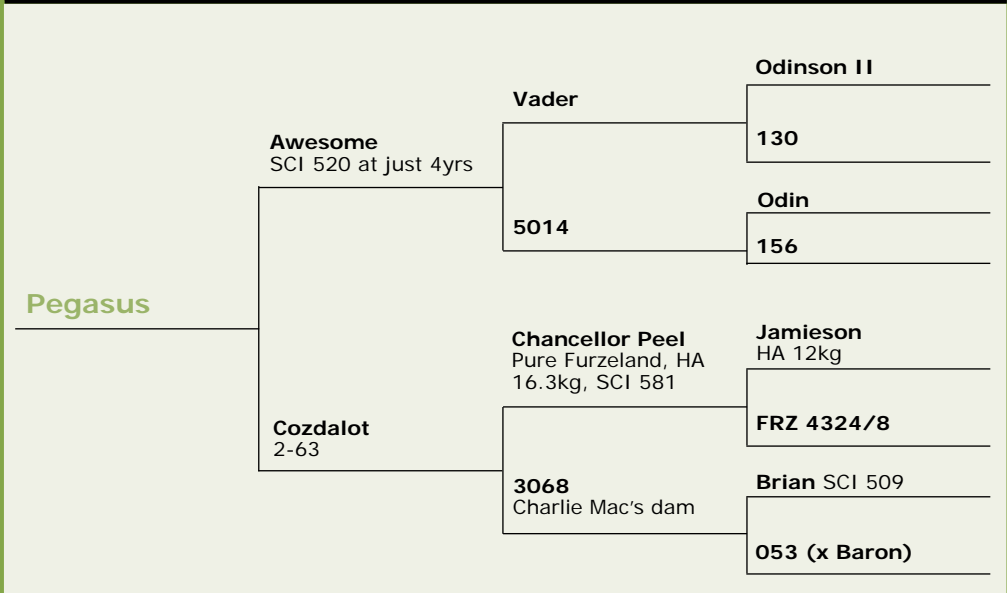

**COMMENT:** Fov Windsor’s pedigree impressed us. Of our 3 Warlord sons, this is the most impressive trophy pedigree. Warlord at 573 at just 5 years is an impressive sire who has the “wow” factor for trophy hunters. Add this over Awesome at 520IOA at just 4 yrs with Heathrow in the background and we have a genetically proven safari pedigree. This year Fov Windsor is starting to display all the antler structure of his sire Warlord. We expect this young stag to mature into an impressive master sire. Matings and progeny of Fov Windsor are offered in this sale and we are pleased to report his sons feature amongst some of our best spiker heads. An impressive performance that we hope to repeat in future breeding programmes.

# Pegasus

5 Year Son of Awesome

Pegasus

Age	Live weight	Antler
5	276kg	12.5 HA

**COMMENT:** With no more Awesome semen available and his reputation for heritability with the many Awesome sons that are prevalent in the industry such as Moccona and Awesome II, we felt this was a valuable addition to our sire stag line up. Back to the very heritable Chancellor Peel and Brian - great genetics. We expect Pegasus' progeny will be highly sought after with Chancellor Peel and also with top trophy dam 3068 on the bottom line.

Robert The Bruce

5 Year Son of Mr Peel, Dam Side Lewis

Robert the Bruce

**Lewis**  
482 SCI, HA 16kg

9806

008

**COMMENT:** Another new addition to our master sire line up. Sire of the 40 point spiker placed second in the National 1yr HA Comp (sold to J Hansen for \$35,000). An impressive performance! Here we have strategically targeted Mr Peel (full brother to Chancellor Peel) over the very heritable Lewis (the first 30 point 2year old to be produced in this country and grandsire to Prince Philip). The heritability of this mix is proven by a full brother to Dam 008 with 30+points at just 5 years old.

Age	Live weight	Antler	IOA

7	248kg	15.5kg HA	546
8		16.36kg	580
9		17.3kg	581

**COMMENT:** We are pleased to be able to have some semen from this wonderful stag owned by Graham Carr's Peel Forest Estate. He is, as Graham points out, an industry legend leaving a huge legacy with stags such as Salvador 605 IOA, and Raroa's Chance to note a couple. We have matched him over a small number of special elite hinds at Foveran, leaving some exciting tidy multi point spikers. His addition of trophy genetics to our herd will be invaluable in the years ahead.

# Commander Peel

4 Year Furzeland X (owned by Peel Forest Estate)

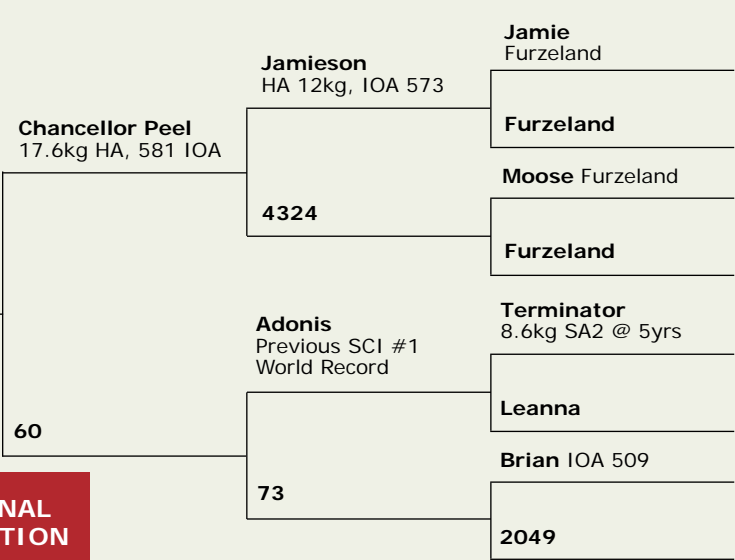

Commander Peel

Commander Peel

WINNER NATIONAL  
2YR HA COMPETITION

Age	Live weight	Antler	IOA
1	110kg	3.4kg HA	
2		6.5kg HA	396
3		10kg HA	429
4		11.25kg HA 44pts	471

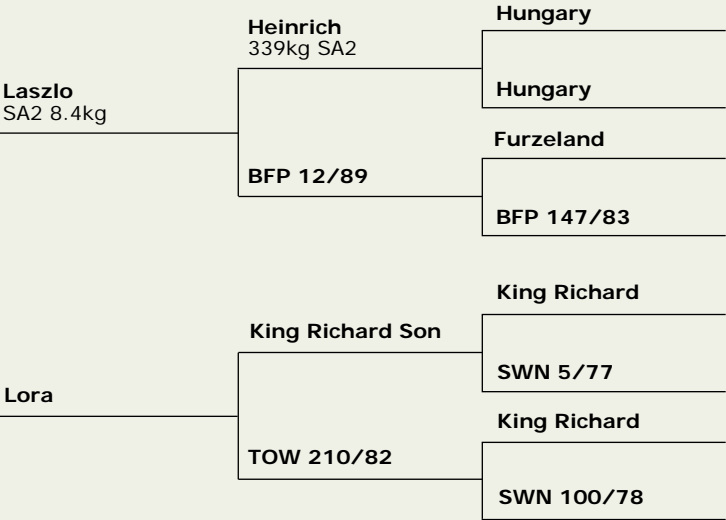

**COMMENT:** An impressive pedigree with Chancellor Peel/ Jamieson and Adonis. Chancellor Peel is also the sire of Salvador (IOA 575 @ 5yrs) and Odysseus (IOA 603 @ 6yrs) which confirms the heritability of this mix. It is also worth noting that the Jamieson/ Adonis mix has produced Scipio (IOA 500 @ 4yrs). Impressive statistics and Commander Peel is an impressive stag himself at IOA 429 at just 3yrs with a very large beam and long in the top tines. Perfect for producing top scoring trophy animals for the future. Winner of 2yr HA competition.

**Brusnik**  
(Owned by Harry Waghorn)

Brusnik

Brusnik

Age	IOA
6	520

**COMMENT:** We are fortunate to have been able to source these fine trophy genetics as Brusnik has now been taken as a trophy at age 6. As you can see he had hugely long front tines and exceptional tops well suited to the trophy industry. He has sired many industry legends including Huneric DG.

Achilles

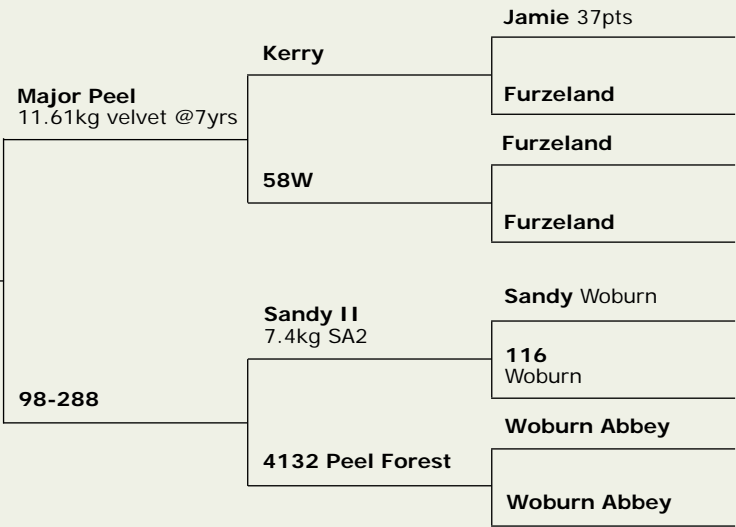

Pure English Sire (owned by Sarnia Park)

Achilles

Photo take at 6 years

Achilles

Age	Antler	IOA
4	38pts	525
5		536
6		572

**COMMENT:** Achilles, owned by Sarnia Park, is incredible with his huge cluster of long top tines and long beam. He has to be one of the best 5 year stags ever to grace our pastures here in New Zealand and with his massive 572 IOA at 6 years is nothing short of amazing. An eye catching orchestra of antler. He has sired many industry greats with exceptional antlers. Achilles is the sire of our master sire Apollo, and also Discombe and Holy Oak.

**COMMENT:** Another Adonis/Motsumi cross stag owned by Deer Genetic's Don Bennett. This guy has a strong long correct antler formation which has the "wow" factor for trophy head presentation. Now a well proven trophy sire in his own right. Very thick beam with lots of scoring tines on top.

# Midmar "Sovereign"

Pure Warnham Sire, Owned by Midmar (Scotland)

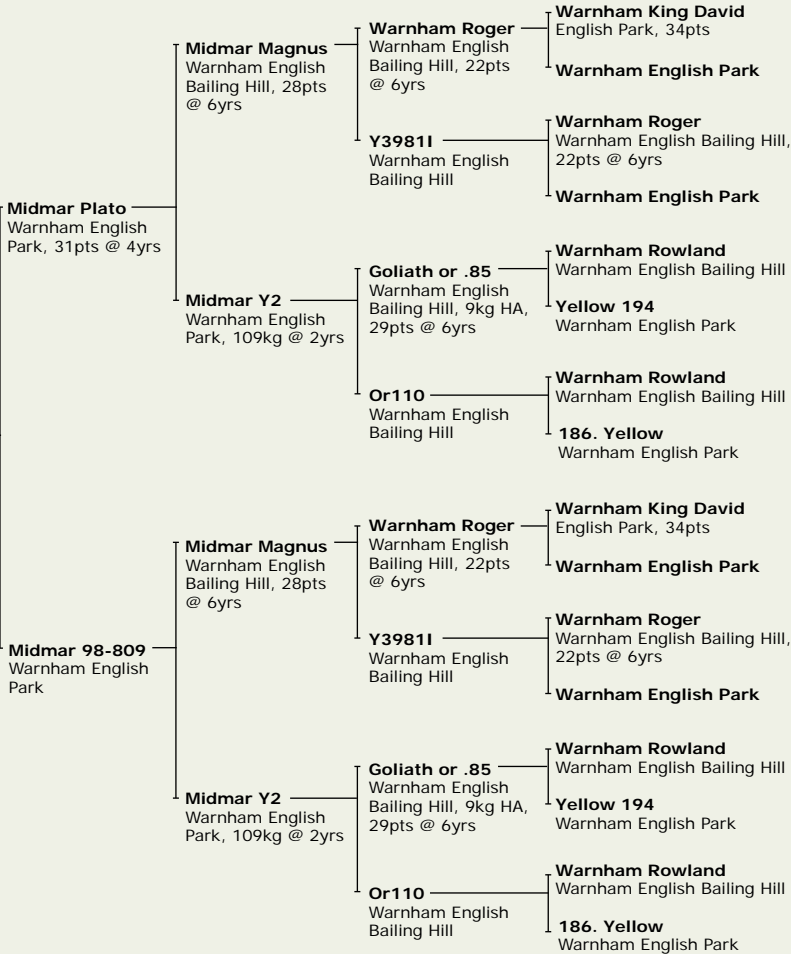

Photo taken at 6 years

**COMMENT:** At last a direct import from the famed Warnham Park herd born and grown out at Midmar Castle Estate Scotland. These exciting new genetics from Sovereign will be the "new generation" Warnham genetics we have been waiting for. Look at his stats 531 SCI at 5 years grown at "Midmar Castle Estate" Scotland!! We are now seeing exceptional sons being offered to the industry. His breeding, back to the great master sires King David and Rowland of this famous stud. This is the best opportunity to secure the latest Warnham genetics introduced into NZ of stags of this magnitude and breeding.

Midmar Sovereign

**Comment:** Commander Peel produced an exceptional line of spikers for us last year and as you can see from the offering in this sale, his 2yr sons are also impressive. Remember he shares his Sire, Chancellor Peel, with Odysseus, broadband and Salvador. Mountbatten, Sire of Prince Philip (IOA 625 @ 6yrs) is the Dam Sire and don't overlook Awesome on the bottom line - Sire of Flash (508 IOA @ 4yrs), Awesome Too (500 IOA @ 5yrs) and Moccona (560 IOA @ 6yrs). Strong heritability in this pedigree. Potentially a 20 pointer, this stag has bifurcated treys, double trey tines also bifurcated and very good front tines.

**TOW 814/98**

**TOW2074/02**

**Comment:** Former SCI World Record sire Charlie Mac was taken as a trophy here at Foveran scoring 615 SCI. His sire Lewis is the dam sire of Prince Philip (625 IOA @ 6yrs). Over the extremely heavy antlered Motdonis (600 IOA). At 22.45kg HA Motdonis must be close to an industry record. It is worth noting that he also shares his sire with Hannibal confirming the heritability of the bottom side of the pedigree. This mix has resulted in a heavy multi point head characteristic of his sire. Very wide. Estimate 10 x 13 points.

**Comment:** This stag was one of the impressive line up of Commander Peel sons at last year's sale. He was offered as lot 6. Commander Peel's heritability is confirmed by the impressive line up of 2yr sons in this catalogue. Dam sire Achilles is the sire of Apollo (IOA 502 @ 5yrs), Discombe (National 2yr HA Champ 2008) and Holy Oak (National 3yr HA Champ 2009). Also note Lewis (dam sire of Prince Philip 625 IOA @ 6yrs) on the bottom line. Very heritable genetics. The antlers on this stag are early in their development at time of writing but we estimate at least 30 points.

**Comment:** Chancellor Peel has an impressive line up of sons in the industry. Among them are Salvador (IOA 605), Odysseus (638 IOA), Broadband (552 IOA) and Commander Peel. An exceptional record and a worthy match to the impressive Amadeus. At 318kg and a truly impressive rack of antlers, Amadeus is a top all round sire. He has produced some exceptional sons - our master sire Sebastian and also the 32 point 203kg 2yr old at lot 12 in last year's sale sold to Eric Thompson. This stag is in the very early stages of his velvet development. He has split treys and a very thick main beam, he looks to have huge potential. Expect multi points.

FOV 9157/09

**Comment:** A full brother to lot 10, the heritability of this mix is confirmed. This young stag has a great future with top sire stag Amadeus as his sire and proven dam 6666. Amadeus is sporting his best ever antler this year and we know you will be impressed with him. Also note the bodyweights throughout this pedigree which is reflected in this young sire. Highly recommended.

300kg HA 22.2kg

**WOB 82/90**

**Comment:** Former SCI World Record sire Charlie Mac had an extremely heavy antler at 20.6kg which was highly prized by the trophy industry. Dam sire Henry James held the record for 2yr HH until it was beaten by one of his sons. Hotspur on the bottom line with an equally impressive antler weight at 22.3kg and Clive at 22.2kg HA makes for a line up of industry heavyweights. As you would expect this stag has a thick heavy head with multi tops. We estimate 19 points.

**Comment:** Prince Philip at 625 IOA at just 6yrs is impressive and we expect him to mature into one of the industries top scoring sire stags. Remember he is a full brother to Alan Stewart's Foveaux confirming the heritability of this mix. A worthy match for the multi pointed Sovereign and true blue blood Warnham genetics on the bottom line. This stag is at the early stages of velvet and we look forward with interest to seeing him on sale day.

**Comment:** Sire Commander Peel is performing well in our herd. He had an impressive line up of spikers last year and they have grown into impressive 2yr olds as you can see in this catalogue. Dam sire Awesome is the sire of Moccona (560 IOA @ 6yrs), Flash (508 IOA @ 4yrs) and Awesome Too (500 IOA @ 5yrs). At 520 IOA at just 4yrs Awesome is one of only a handful of sires to reach this milestone at such a young age. Lewis, dam sire of Prince Phillip (625 IOA @ 6yrs) and National Velvet Champ Harvey make for a very heritable mix.

**Comment:** Apollo is a full brother to Discombe (National 2yr H Champ 2008) and Holy Oak (National 3y HA Champ 2009), confirming his heritability which can also be seen by his 2yr sons in this catalogue. Dam sire Charlie Mac is the former SCI World Record Trophy sire back to Lewis, dam sire of Prince Philip. Don't overlook Brusnik, sire of Huneric on the bottom line. Great heritability here. This young sire has a thick beam. Too early to tell but looks promising.

**ROD 1459/07**

**Comment:** Amadeus continues to amaze us as he matures. This year he has yet another exceptional rack of antlers that look even better than last year. His 4yr son Sebastian is in our master sire line up. Dam sire Warlord was National 2yr HA Champ and is also the sire of our master sire Windsor (sire of Lot 3). The heritability of 3 x National Velvet Champ Heathrow on the bottom line will become obvious later in the sale with his impressive line up of 3yr sons. A full brother to Lot 9 and 44 confirms the heritability of this mix. We estimate 15 pts.

**Comment:** This stag is well worth considering. We named him Astynax and considered keeping him for a sire, however with a reduction in hind numbers, he is now offered for sale. Placed 3rd in the National 1yr HA Competition we have 3 impressive multi point spikers from this stag this year. They are all good enough to consider for the National 1yr HA Competition and so we highly recommend this stag.

**Comment:** With National Velvet Champ Harvey as his sire, we often forget that Hector also has top velvet genetics as well as impressive multi point antler. Hence we have matched him to Henry James (sire of Henry VIII) who held the record for 2yr HH until it was beaten by one of his sons. Also industry heavy weight velvet sire Sherwood and Brock on the bottom line. The result is a good even head with strong tines and tops.

**Comment:** Brusnik (sire of Huneric) produced an exceptional line up of 2yr sires at last year's stag sale. Most notable was lot 11 with 32pts and weighing 218kg. This stag is a full brother to lot 17 at last year's sale sold to Andrew Fraser for \$11,500. Dam sire Warlord is a former National 2yr Ha Champ and sire of our Windsor. Awesome is the sire of Flash(508 IOA @ 4yrs) and Moccona (560 IOA @ 6yrs). This stag comes highly recommended, possible 20 pts.

FOV 8016/08

**Comment:** Dam 464 is the dam of lot 59 in this sale. This mating was a back up mating to our ET programme: the reason this dam has 3yr sons by different sires in this sale. An impressive performance by her which is an excellent demonstration of her heritability. Here she has produced a stag with a wide heavy beam as you would expect from this mix.

**Comment:** Red Baron at 339kg and with his huge rack of antler was an impressive stag in his prime. A worthy match for National Velvet Champ Myson (sire of Amadeus). It is also worth noting that Amadeus' dam line appears on the bottom line of this pedigree. An exceptionally well bred Schulte Wrede German with a strong multi topped heavy antler.

**STAR LOT**

**Comment:** We kept this stag back as a potential sire but with reduced hind numbers we have now decided to offer him for sale. Former SCI World Record Tamar shares his sire with CIC Champ Hotspur and with his dam sire Russell, the sire of Hebrand, he has top class credentials. Awesome is the sire of Flash (508 IOA @ 4yrs) and Moccona (560 IOA @ 6yrs). Also Lewis (dam sire of Prince Philip) on the bottom line. This stag is highly recommended. He has a strong heavy antler with good tops. We estimate 25pts.

**Comment:** Woody's impressive antler score of 526 IOA at just 3yrs placed him second in the National 3yr HA Comp. He is backed up by the high scoring Herbrand and also National Velvet Champ Harvey (sire of Hector and Kane). Heavy multi point antler genetics to match to the Warlord/Motdonis combination on the bottom side. Great dual purpose genetics for the progeny of this hind.

It is also worth noting that Archibald sired Lot 1 in our 2009 Stag Sale, a 2yr old with 12.53kg HH which is still an industry record! Exceptional velvet genetics here and also trophy with 60pt Endsleigh on the bottom line.

# Commercial Sire & Trophy Sale

Tuesday 10 January 2012 at 6pm

**We expect this sale to start at 6pm, after a break for a meal and refreshments from the first sale.**

Lot numbers start at 109 to avoid confusion at the time of delivery.

These stags have been selected on their own merit for both antler and bodyweight, and not necessarily for their pedigrees. They have the same genetic base as the remainder of our herd and so we know they will breed on well and introduce top bodyweight and antler genetics into your herd.

Please also remember they are mostly older than 2 yr stags and so they CAN MATE LARGE NUMBERS OF HINDS.

Many of these stags have excellent antler and could also be considered for their trophy hunting value.

Good luck with your bidding and purchases!

**FOV 770/93**

**Comment:** Archibald is the sire of the current industry record for 2yr HH with lot 1 in our 2009 stag sale sold to John Hunter with 12.53kg HH and weighing 201kg. These genetics will combine well with Hotspur's 22.3kg HA and will surely promote heavy beamed antler in any future progeny. A strong antler with long front tines and good tops.

**Comment:** A 26 point antlered stag well suited to taking as a trophy now. Also breeding potential with Hotspur's son Hampton as the sire over our Schulte Wrede Germans. You decide!

# Lots 152 - 158

We have a further 7 stags to be offered for sale. They are also Pure Bred stags which have had their stud tags removed for our trophy mob. They are mostly 6 years old and could be DNA profiled for anyone considering them for breeding purposes.

These stags will be tagged for identification for delivery purposes. Their tag numbers will be their lot numbers.

Although they have not finished growing their antlers at the time of writing, we expect these stags to score as high silver or SCI Gold medal stags.

## Red Trophy Antler

National Velvet & Trophy Antler Competition 2010

At Foveran our genetic breeding programme with our selected stag base focuses on:

### FAST GROWTH RATES

- Heaviest weaners in the circuit reaching 100kg by sale day and some of the heaviest two-year olds in the country

### RECORD VELVET WEIGHTS

- Leading two-year old hard horn weights for velvet. We do not velvet our stags but grow them all out

### EXCEPTIONAL TROPHY ANTLER

- Foveran produces some of the best trophy heads in the country using strong heritable genetics that pass on from generation to generation

### HIGH RESIDUAL VALUE

- Buying a Foveran stag ensures you maximise the value from your stag after it has finished its breeding life. At maturity our stags have trophy values from \$7,000-\$50,000 each

### TEMPERAMENT

- Foveran produces easy-care, good natured stags with high fertility, and good constitution

Make sure your herd contains all the genetic traits that generate high returns. This will ensure you can take maximum advantage of changing markets and achieve the best returns possible.
