# Conditions of Sale

## Venue

Foveran Deer Park sales complex, Foveran Deer Park, Haka Valley, Kurow, North Otago, 8km from Kurow (will be signposted).

## Deer Inspection

Deer may be inspected in the paddock at any time prior to the sale by arrangement. On DAY OF SALE deer may be inspected from 11.30am.

## DNA Identification

All Foveran master sires and our entire stud female breeding herd have now been DNA profiled (for confidence in the accuracy as to our breeding). All stock sold are DNA guaranteed.

## Insurance

Insurance facilities are available at the office. Insurance is the responsibility of the purchaser and any stock left on Foveran is strictly at the purchaser's risk.

## Vetted In-Calf Hinds

All adult hinds have been ultrasound pregnancy tested using a real time ultrasound scanner. Only confirmed pregnant hinds have been included in the sale. All testing was carried out by Dr Noel Beatson from Rural Vet Services, Timaru.

## TB Status

Our herd status continues to be a C10 classification.

## Johnes tested

All adult sale deer have been Johnes tested clear.

## Conditions of Sale

The sale will be conducted by PGG Wrightson with the conditions of sale as set down by the New Zealand Stock and Stations Agents Association, a copy of which is exhibited in the office on sale day.

Each lot becomes the purchaser's property and risk at the fall of the hammer.

Warranties and insurance are covered under separate headings.

# Conditions of Sale cont./ Guarantee

Terms are strictly cash unless prior arrangements are made with the auctioneers. Accounts not paid within 14 days of sale shall bear interest, at current rate per annum from the date of sale.

The sale is conducted exclusive of GST.

A buyers commission of 5% is payable to non-participating companies and recognised independent agents introducing and accompanying purchasers to the sale providing prior arrangements [no later than 24hrs prior to sale] are made with PGG Wrightson.

Intending purchasers are required to register with the auctioneers prior to the commencement of the sale.

No animals, embryos or semen sold by Foveran Deer Park or their germplasm or any subsequent progeny or germplasm, including the semen and germplasm of that progeny, may be supplied to a third party without the written permission of the respective stud.

This condition does not affect normal commercial deer farming or stud farming or the normal sales of semen or embryos as it only applies to entities with the primary function of commercial semen/germplasm activities.

It is a condition of sale of any animals, embryos, germplasm or semen sold by Foveran Deer Park that the purchaser agrees to include the following clause as a condition of any subsequent sale or gift of any animal, embryo, semen, germplasm or subsequent progeny or germplasm to a third party—"the purchaser acknowledges that it will not supply any animals, embryos, semen or germplasm to any commercial semen/germplasm marketing or sales entity, and will ensure that this clause is inserted as a condition of any sale or gift of any animals, embryos, semen or germplasm."

## **Catalogue Deer Numbers**

This is a very large sale, due to timings and other farming criteria some stock may be removed from the sale prior to auction.

# Foreword

## Dear Clients and Friends,

Welcome to our 30th Annual Elite Hind and Weaner Sale.

Due to the amalgamation of three farms into one and with a drier than expected late summer we are slightly overstocked and so have decided to offer our biggest and best offering of Elite Purebred animals yet.

We have again been using many industry greats and a number of high achieving young sires including some top rising stars from our own master sire line up.

This year we have used a number of top spikers including Foveran Mega, winner of the 1yr HA Rising Stars , Barnes, placed 3rd in that competition, and also Donovan, an up and coming son of Odysseus. Also McCaw our new and impressive 3yr old master sire purchased from Malcolm Cane this year for the top price of \$62,000. He was placed 2nd in the 3yr Rising stars HA Competition and also People's Choice at those awards.

This has enabled us to offer progeny and embryos which we believe will be at the forefront of the industry's breeding programmes in the future, and the culmination of 30 years breeding here at the stud.

Please note also that we have extra embryos on offer at the end of the catalogue, which will not be auctioned but can be purchased at any time directly from us or through your local agent.

We expect you will find combinations unavailable elsewhere in the industry and encourage you to take advantage of this offering to be in at the ground floor with these exciting new combinations. We believe some of these genetic mixes will create the super sires and dams in the future and will lead the world for record breaking statistics.

It is our pleasure to share these new genetics with you and wish you well with your purchases. Please continue to give us your feedback regarding their progress.

Kind regards,

Bob Robertson

# Mission Statement

## **Our motto** **Breeding the difference**

a term that best describes our intention for our deer stud at Foveran.

*By continuing our intensive breeding programme in what we believe is the largest red deer stud in New Zealand, it is our intention to supply the NZ deer industry with the very best genetics for venison growth rates, velvet production, and also our fast growing high end trophy antler stags.*

**DBVs** Venison growth rates. We continue to develop this major trait within our deer herd, with encouraging results. Our German herd for example, with Master sires such as Amadeus, Bonn, Wredeson Major & Red Baron leading the way, and some of our weaners at weaning in February topping out at 90kg. Yearling spikers to 155kg and 2 year olds to 253kg.

**Velvet** By identifying specific lines of deer for velvet production, we are constantly improving the performance per animal to improve not only the production levels per animal but also the components of velvet conformation. As a result our velvet herd continues to grow with fast improving results.

**Trophy** The fastest growing component of our deer industry at present. Foveran's commitment is to supply for ourselves high end trophies, but also to supply elite trophy genetics to the deer farming community. The continued improvement of our trophy herd is rewarding us with some massive red deer trophy antler heads with long tined heavy wide "wow" type configurations. Our German herd strategically crossed with European and English genetics has given us the opportunity to do that.

**Temperament** We continually manage and evaluate the herd for this important trait.

**COMMENT:** Amadeus, truly the most amazing 2 year stag ever produced. His record breaking huge wide expansive, heavy beamed head of 31 points and 427 IOA, with a huge bodyweight of 260kg at just 3 years is unbelievable. His exceptional 7 year antler takes pride of place in our trophy room. At 634 IOA he really does have the "wow" factor. The Wrede bloodlines are proven with such sires as Wredeson, Wredeson II, Wredeson Major, and now Amadeus. Proven genetics!! Tragically Amadeus died this year, but with good semen stocks he will continue to be part of our breeding programme.

**COMMENT:** Sired by Amadeus and following closely in his footsteps with his antler style and frame size. Sebastian was 209kg as a 2 yr old with an impressive looking antler structure. Unfortunately at 3 yrs, he got tangled in wire just as his royals were developing and despite removing the wire, the antlers were affected and eventually had to be removed as they had stopped growing. It has taken him two seasons to recover from that accident which also affected his bodyweight. This year he has put up an impressive 32 point antler. A point worth noting is that his progeny are ranking highly for DBVs in our herd.

**COMMENT:** Purchased in December from Malcolm Cane for the top price of \$62,000, McCaw is an outstanding addition to our master sire line up. Placed 2nd in the Rising Stars 3yr HA Competition and also voted People's Choice in that competition. Malcolm considered retaining him for a sire. He is a great all round stag with superb temperament, great body confirmation and incredible antlers! Bifurcating brow, beys and treys with super heavy tops. His dam is a full sister to Kane. We consider these genetics to be very high in the ranking with the best head we have ever seen for a 3yr old. Odysseus has shown his genetic consistency with a large number of great 3yr olds produced this year.

**COMMENT:** Foveran Mega was placed 1st in the 1yr HA at the 2013 Rising Stars competition. He is a very impressive spiker with an antler weight of 8kg and 36 points and is certainly the biggest spiker head that we have ever produced. His sire Huneric was the National 2yr HA Champ and his dam sire Scipio is the sire of Morpheus (World Record 4 & 5yr head) which augurs well for the future potential of this young master sire.

**COMMENT:** Barnes was placed 3rd in this year's 1yr HA Rising Stars Competition. He has 38 points of antler weighing just under 7kg (6.98kg). We have selected Barnes as a sire, not only for his physical appearance, but his pedigree as well. His sire Broadband shares his sire Chancellor Peel with other industry greats such as Odysseus (IOA 702) Salvador (IOA 605) & Commander Peel (National 2yr HA Champ). His dam sire Discombe was also National 2yr HA Champ. This young stag has a great future and we intend to retain him as a master sire.

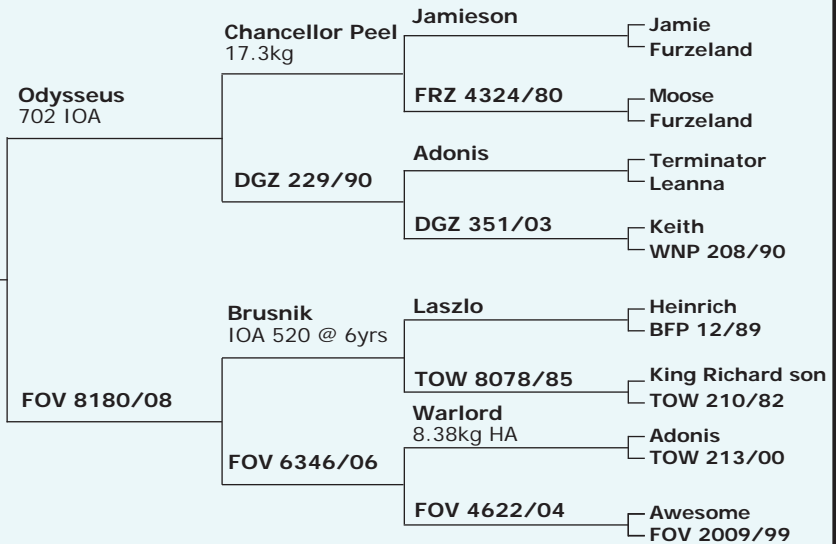

# Donovan

## European 1 Year Son of Odysseus

Donovan

Donovan

**COMMENT:** One of the very few Odysseus spikers we have bred, we have selected Donovan for his outstanding pedigree. Sire Odysseus is also the sire of our new master sire McCaw, and one of the few industry greats to break the 700 IOA mark. Dam sire Brusnik is also the sire of Huneric (National 2yr HA Champ and also sire of Foveran Mega), and also Zidarn (IOA 653). An exceptional genetic mix to pass to this young sire's progeny and he looks the part as well.

**COMMENT:** Gregor has an impressive antler that will be on display in our trophy room. He has big strong tops and good front tynes which are not obvious in his photo. He grew this antler in a large group of other stags on an all grass diet. This really impressed us as does his pedigree which gained him entry into our master sire line up. He shares his sire Scipio with Morpheus (World record 4 & 5yr head) and his dam sire Commander Peel has produced top 2yr sale stags. Most notably lots 2 and 5 in our 2012 stag sale - both 2yr olds at 190kg & 10.72kg antler and 188kg & 9.29kg antler respectively.

He was delivered to Malcolm with his impressive heavy multi pointed antler still on his head. This antler is in the classic style that you would expect from the breed. With former SCI World Record Charlie Mac, with his 20.6kg HA, over Motdonis with 22.45kg HA at just 5yrs, we expect to see a lot of this stag's progeny at Malcolm's in the future. **COMMENT:** Purchased from Westbush Deer Stud, Henry VIII is a son of our own Henry James. He has an impressive heavy set of antlers typical of many of Henry James' sons. He was the most impressive 3 year old sire offered the year we purchased him. We were so impressed with him we couldn't resist purchasing these genetics back for our own herd. He is a major player in our breeding programme and at 619 IOA at just 6yrs, the offering in this catalogue represents a great opportunity to secure some progeny from this future industry great.

**COMMENT:** Apollo has been strategically bred for big royals on a wide spread, with good body and temperament and we have got the lot! An exceptional trophy mix in his pedigree. Also interesting to note that grand dam 1003's brother 'Little Rock' had an IOA score slightly ahead of Salvador at 2 years. Great grand dam 3068 is the mega dam at Pelorus Deer stud for trophy genetics. 5th in the 2009 Rising Stars HA competition, and with 2 other full brothers in the Top 5, this confirms the heritability we can expect from this rising star. Apollo is impressive this year with his best head yet.

**COMMENT:** Fov Windsor's pedigree impressed us. Of our 3 Warlord sons, this is the most impressive trophy pedigree. Warlord at 573 at just 5 years is an impressive sire who has the "wow" factor for trophy hunters. Add this over Awesome at 520 IOA at just 4 yrs with Heathrow in the background and we have a genetically proven safari pedigree. Sire of Lord Haka at 201kg, HA 13.5kg and IOA 502 at just 2 years, Fov Windsor has established himself as a very heritable sire in our breeding programme.

**COMMENT:** Metallica was growing what looked to be his best head yet when tragedy struck. He damaged his head while growing velvet and as a result died this year. We have the velvet and will display it at the sale as, although it is damaged, you can see the potential. We have used him in our breeding programme and his progeny will continue to be offered in future sales. Very heavy CIC antler.

**COMMENT:** Lord Haka's early maturing genetics are valued in our breeding programme. At 201kg and 502 IOA he is impressive and one of the few sires to attain a 500+ IOA score at just 2 yrs. Also worth noting is that his 13.5kg antler is a new industry record. Now owned by the Fraser family of Mt Cecil, we kept some semen as part of the deal and so we are able to offer his progeny for the first time this year and also a new crop of embryos from our top elite hinds.

**COMMENT:** Impeccable breeding with Chancellor Peel as his sire. It is worth noting that Chancellor Peel is also the sire of Salvador (IOA 575 @ 5yrs) and Commander Peel (IOA 429 @ 3yrs) confirming the heritability of this line for high scoring long tynded antler highly sought after by the trophy industry. With a main beam of 40 & 42 inches and a span of 29 inches and 40 points, Odysseus is the ideal trophy sire. Sire of our new master sires McCaw and Donovan, he continues to play a large part in our breeding programme.

# Top Ten Spikers

---

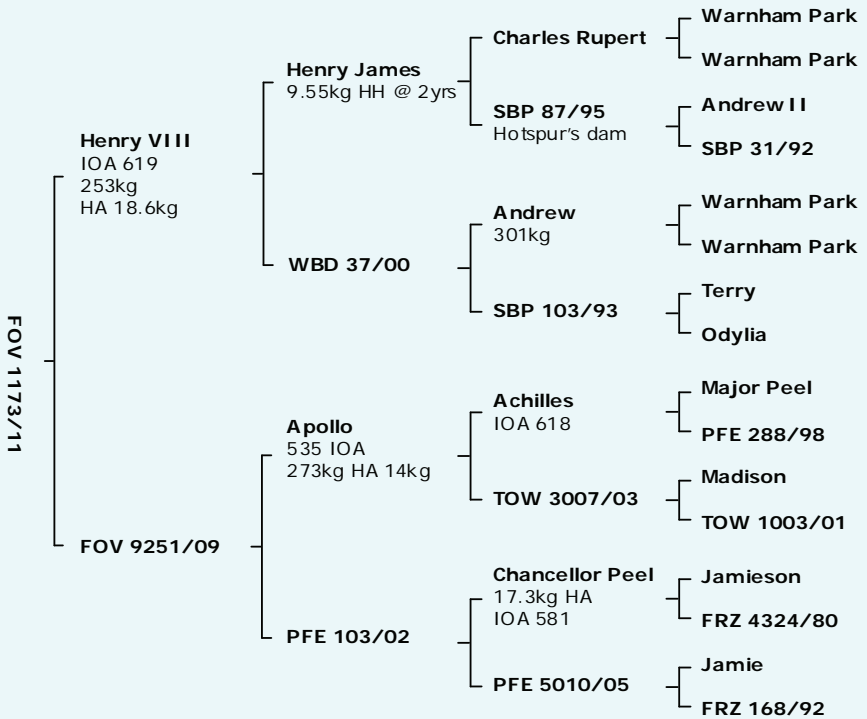

The following 10 spikers have been selected for their pedigrees and physical appearance to be used as a group to mate some of our 18 month hinds. The progeny from these matings can easily be identified using DNA as all of these spikers DNA is held at Invermay. This represents a great opportunity to secure the first progeny from these young stags who have the potential to become future industry greats.

These top ten spikers were used to produce lots 181, 187, 193, 198 and 200 in this sale.

It's worth noting Lot 4 sold for \$17,000 at our stag sale and was placed 9th out of 27 entries in the 2yr HA Rising Stars Competition. Woody's performance with his 2yr sons at our stag sale was impressive. Remember too he is the current SCI World Record at 696 SCI. **Comment:** Former SCI World Record Prince Philip, over high scoring Morpheus (World Record 4 & 5yr IOA score). This pedigree is all about high scoring antlers. A full brother to dam 323 was sold as Lot 10 in this year's stag sale for \$11,000 to H Orbell, with a 35pt antler proving the performance of her pedigree and cementing top potential in this young stag.

**Comment:** Our top all round master sire Amadeus at 322kg and 634 IOA. His strong wide open topped antler structure is highly sought after by the hunting fraternity and is well matched to the antler structure of Image. Image's heavy beam will further enhance the antler structure of this young Pure Schulte Wrede German stag. With both of these great sires now gone, these genetics are well worth securing.

**Comment:** Morpheus holds the industry record for both 4yr & 5yr IOA score and was the National 3yr HA Champ. His top 2yr old son was sold in our stag sale this year at 194kg and cutting 11.7kg HA. He was sold to Alan Stewart for \$46,000 and placed 4th in the national 2yr HA Comp. The perfect match for Woody, the current SCI World Record at 696 SCI. Woody had an outstanding offering of 2yr old stags in this year's sale. His top 2yr son at 204kg and 32pt antler was sold as Lot 4 to Raymond Ponsonby for \$17,000 and was placed 9th out of 27 entries in the National 2yr HA Comp. This young stag has a great future.

**Comment:** Henry VIII inherits his high scoring heavy beamed antler from Henry James who held the industry record for 2yr HH weight until it was beaten by one of his sons. Dam sire Morpheus was the National 3yr HA Champ and also holds the industry record for 4yr & 5yr IOA score. Chancellor Peel on the bottom line is also the sire of Odysseus (IOA 702) Salvador (IOA 605) and Commander Peel (Nat 2yr HA Champ) to name a few. A highly heritable mix.

Weaning Wt: 45Kg 26/2/13

Recent Wt: 51 7/5/13

Sale Day Wt:

**Comment:** Morpheus holds the industry record for both 4yr & 5yr IOA score and was the National 3yr HA Champ. His top 2yr old son was sold in our stag sale this year at 194kg and cutting 11.7kg HA. He was sold to Alan Stewart for \$46,000 and placed 4th in the national 2yr HA Comp. The perfect match for Woody, the current SCI World Record at 696 SCI. Woody had an outstanding offering of 2yr old stags in this year's sale. His top 2yr son at 204kg and 32pt antler was sold as Lot 4 to Raymond Ponsonby for \$17,000 and was placed 9th out of 27 entries in the National 2yr HA Comp. This young hind has a great future.

Weaning Wt: 46Kg 26/2/13

Recent Wt: 59kg 7/5/13

Sale Day Wt:

**Comment:** Woody is the current SCI World Record Trophy Stag at 696 IOA. His performance with his 2yr sons on offer in our stag sale was impressive. Most notable was Lot 4 at 204kg with a 30 point antler that sold to Raymond Ponsonby for \$17,000. Dam sire Odysseus is one of only a handful of sires that have broken the 700 IOA mark. He is the sire of McCaw who was placed 2nd in the National 3yr HA Comp. Exceptional heritability.

**Comment:** Lord Haka is a top all round sire for both bodyweight and antler. He holds the record for 2yr IOA score @ 502 and also the industry record for 2yr HA weight at 13.5kg. Dam sire Achilles is the sire of Apollo, Discombe and Holy Oak - a fantastic record for heritability. Don't overlook another top all rounder, Amadeus on the bottom line and the very heritable Chancellor Peel (sire of Odysseus, Broadband, Salvador and commander Peel to name a few).

**Comment:** This is the first progeny on the ground we have from Legend. His IOA score of 655 at just 6 years is impressive and a worthy match for current SCI World Record Trophy sire Woody. Woody had an impressive line up of 2yr sons in this year's stag sale. Most notably Lot 4 at 204kg and 30 points of antler sold to R Ponsonby for \$17,000. The inclusion of eye catching stylish antler on the bottom line from Hannibal and Salvador can only enhance the mix.

**Comment:** Henry VIII at 619 IOA and 18.6kg HA is impressive. He inherits his heavy beam from his sire Henry James who held the record for 2yr HH until it was beaten by one of his sons confirming the heritability of this line. Dam sire Odysseus is one of the few industry sires to break the 700 IOA mark. He is the sire of Mentor and McCaw. Jamieson on the bottom line is the sire of Scipio and Chancellor Peel who is also the sire of Salvador, Broadband, Commander Peel and many other top sires. A very heritable mix.

**TOW 3050/0**

**Comment:** Lord Haka holds the industry record for 2yr HA weight at 13.5kg and IOA score at 502. Now at 552 at 3yrs old, he is maturing into a record breaking sire. A worthy match for current SCI World Record, Woody. He had an impressive line up of 2yr sons in this year's stag sale. Most notably Lot 4 which sold to R Ponsonby for \$17,000. Could this be a new record in the making?

**Comment:** McCaw was placed 2nd in the National 3yr HA Comp and was voted People's Choice. He shares his sire Odysseus with Mentor (National 2yr HA Champ). Dam sire Prince Philip was the SCI World Record Trophy stag in 2012. He was the sire of Lot 40 in this year's stag sale, a 34 point spiker sold for \$13,000. Note also Scipio (sire of Morpheus) on the bottom line. Exceptional heritability in this mix.

Woody is the Current SCI World Record at 696 IOA. He had an impressive line up of 2yr sons in this year's stag sale, most notably Lot 4 sold to R Ponsonby for \$17,000. Note also Jamieson on the bottom line is the sire of Chancellor Peel and Scipio. Excellent heritability.

**Comment:** Faulty Towers at 558 IOA at just 4yrs is impressive. He was sired by our master sire Pegasus, and his dam sire, Brusnik, is the sire of Huneric and Zidarn. Broadband is the sire of our new spiker sire Barnes who was placed third in the National 1yr HA Comp this year. The addition of heavy Eastern sires on the bottom line makes this an excellent all round pedigree.

**Comment:** McCaw was placed 2nd in this year's National 3yr HA Comp and was also voted People's Choice. His sire Odysseus is one of only a few sires to break the 700 IOA mark. Here we have matched McCaw to high scoring Metallica and 2yr HA Champ Hannibal. Note also Mountbatten is the sire of Prince Philip (SCI World Record 2012). A great trophy pedigree.

Backed up by Odysseus at 702 IOA and the sire of Mentor. Over heavy weighted Eastern sires, Megamillian, Maximillian and Heinrich. And then back down to the eye-catching antler style of Hannibal And Brusnik (sire of Huneric and Zidarn). A great all round pedigree for both bodyweight and antler.

Prince Philip

**Comment:** Last but certainly not least of these embryos. Sire McCaw was placed 2nd in the National 3yr HA Comp. Over Prince Philip, who was the SCI World Record for 2012. A winning combination for some and with Chancellor Peel (sire of Salvador, Broadband and Commander Peel to name a few), National Velvet Champ Harvey, and Henry James (sire of Henry VIII) in the background, heritability is assured in this mix.

**Comment:** The dam of Lot 46 in the 2013 stag sale. Lot 46 features as a sire in this catalogue (FOV 9265) and was sold this year with a massive 3yr old antler to Malcolm Cane for \$24,500. Here we have matched this heritability to McCaw. He shares his sire Odysseus with Mentor (National 2yr HA Champ) and his dam is a full sister to Kane. A very heritable mix.

**Comment:** It is worth remembering that Lord Haka is a Windsor/Salvador mix. He holds the industry record for 2yr antler weight at 13.5kg and also 2yr IOA score at 502. The progeny of this mix will also benefit from the hugely heavy eastern sires on the bottom line. An exciting mix highly recommended.

**Comment:** This hind is a full sister to lot 14 in the 2012 stag sale, a 2yr old weighing 182kg with a long beamed antler and tops. He was just one of a number of impressive 2yr old sons by Woody - now the current SCI World Record Trophy stag. A fitting match for Foveran Mega - the national 1yr HA champ with his 8kg spiker antler that we expect will bind well with Henry James' heavy beam.

**Comment:** Henry James held the record for 2yr HH until it was beaten by one of his sons. He is the sire of Henry VIII (HA 18.6kg IOA 619). This hind is a Pure Warnham with Andrew II and Jonathan on the bottom line. Mated to Gregor who was placed 5th in the National 3yr HA Comp with a 43 point antler grown under commercial farming conditions. An impressive effort.

**Comment:** Lancaster's extremely long tynded and wide antler has the style that is highly sought after by the trophy hunter. Dam sire Motdonis has an exceptionally heavy beamed antler at 22.45kg and IOA 600 at just 5yrs. A great match for Gregor's 43 point antler placed 5th in the 3yr National HA Competition. He will be a sire to watch in the future.

**Comment:** A very well bred 18 month hind with Morpheus as her sire. He was the National 3yr HA Champ and holds the record for 4yr & 5yr IOA score. He was also the sire of Lot 3 in this year's stag sale sold to A Stewart for \$46,000. Dam sire Odysseus is the sire of Mentor and McCaw. This year we mated a large number of our 18 month hinds to a group mating of some of our best spikers. Any one of these will be a great match for this young hind.

This confirms his heritability and at 669 IOA, he was the SCI World Record Trophy for 2012. Commander Peel has produced some exceptional 2yr sons at our 2012 stag sale - notably lot 2, at 190kg and cutting 10.72kg antler. A proven track record to put to Donovan chosen for his exceptional pedigree. Odysseus sire of McCaw over Brusnik, sire of Huneric and Zidarn.

**Comment:** Mentor was 2yr HA Champ 2011 and held the industry record for 2yr IOA score at that time. His sire Odysseus is also the sire of McCaw. Morpheus was the National 3yr HA Champ and holds the record for 4yr & 5yr IOA score. He was also the sire of Lot 3 in this year's stag sale, a 2yr old sold for \$46,000. A strongly heritable mix that will blend well with any of the Top 10 spikers that mated this group.
